## Senate Crime Probers Wind Up Year of Hearings on Rackets And Gambling in the Nation

Washington, Aug. 17.—(P)—The senate crime investigating committee today winds up more than a year of open hearings on rackets and gambling throughout the nation.

On the closing schedule are the tag ends of the lawmakers' inquiry into gambling and political tugs in northern New Jersey and Maryland adjacent to the District of Columbia.

Richard G. Moser, the committee counsel, told newsmen this would definitely be the final day of open sessions. The senators then will have two weeks to write their final report, due by Sept. 1.

The committee yesterday heard of a \$300,000 campaign contribution reportedly offered by Abner (Longie) Zwillman to the Democratic candidate for governor in New Jersey in 1949.

The candidate, State Senator and Former Congressman Elmer Wene of Vineland, N. J., flatly rejected the offer, according to the testimony.

Zwillman has evaded a committee subpoena reportedly by going to sea in a yacht—but his name has played a prominent role in the investigation.

The crime probers were told yesterday he was a kingpin in a bootlegging mob which collected at least \$500,000,000 in the years 1928-32 and handled 40 per cent of the illicit liquor entering the U. S. in the period.

James Bishop of Teaneck, N. J., a writer and former reporter who worked with Wene in the 1949 gubernatorial campaign, testified that Zwillman's offer of up to \$300,000 in campaign cash was relayed to him by George Kesselhaut, a lieutenant for the then Democratic leader in Essex county (Newark), Col. William Kelly.

Wene's response, Bishop testified, was an explosive "I don't even want to hear about it. When can we get out of this town?"

The writer said Zwillman wanted the friendship of a potential Wene administration and a voice in naming the state attorney general in return for the \$300,000. Wene lost the election to Gov. Alfred Driscoll.

Bishop added that Kesselhaut told him Zwillman "will do more for Wene than he did for John Kenny in Jersey City." Mayor John V. Kenny won a nationally watched election in May, 1949, in which he overthrew the 36-year-old regime of Boss Frank Hague.

Kenny voluntarily appeared before the committee after Bishop testified, and denied that he knew Zwillman or that the former bootlegger had anything to do with his administration.

The mayor also insisted that the stripping of power from two city commissioners had nothing to do with their effort to secure tough enforcement of anti-gambling and anti-waterfront racketeering laws.

TO PROBE DEATH  
Monaca, Aug. 17.—(P)—The Beaver county coroner today said he will hold an inquest in the death of Peyton R. Russell, 49, of Hocktown, who was found dead in an auto on Route 18 in nearby Potter township. Russell was district manager for the American chemical paint company of Ambler.

Washington, Aug. 17.—(P)—The government, reporting signs of a black market, launched a nationwide drive today to enforce cattle price ceilings.

"Immediate action" against any violators was promised.

At the same time, plans for sharply changing the price ceilings themselves were disclosed.

Michael V. Disalle, head of the office of Price Stabilization, said a large part of the OPS enforcement staff will concentrate on checking cattle sales prices. Immediate checks are to be made at slaughter plants to find out whether abnormally high purchases involve any over-ceiling sales.

Disalle also disclosed that the beef slaughtering industry advisory committee has been called together here next Wednesday to "consider steps to be taken with respect to ceiling prices on cattle in view of the abolition of slaughter quotas."

The OPS is planning to propose then, today's statement from the agency indicated, the imposition of price ceilings on cattle sellers as well as purchasers, and ceilings on individual animals rather than on average monthly sales.

Congress, in renewing the Defense Production Act recently, prohibited further slaughter quotas. The OPS had used quotas to divide allowable production each month.

The agency has contended the quotas are necessary to block black markets in meat. A move has started in congress to restore the government's power to impose them.

AVENUE ACCIDENT  
Damages to the extent of \$150 were done to a car driven by Miss Dorothy M. Pierce, 228 Tionesta street, Sheffield, at 4:20 p. m. Thursday, when struck by a tank truck driven by Roger Johnson, 5 Pine street, Kane. The Pierce car, forced to stop when traffic intervened, was hit from the rear. Coroner-Police are investigating.

## Dollar Day Specials Find Many Purchasers

All roads lead into Warren today and Saturday when 39 local stores are offering unusually attractive specials for the two-day Dollar Day Sale.

Up and down the streets in the business section appear the Dollar Day pennants in store windows, and a brisk upturn in business was reported today from all participants.

The stores will be open until nine o'clock tonight, then the Dollar Day sale continues all through tomorrow and until the stores close, Saturday night.

Chicago, Aug. 17.—(P)—Harry Williams, the husky killer who beat a guard to death and escaped from a death cell in the Cook County Jail, was captured on a street car without a struggle last night.

The 20-year-old Negro's capture lacked the dramatic overtones of his escape over the jail wall less than 47 hours before.

Williams, neatly dressed, was reading a bible when four policemen in a squad car spotted him. Two of the officers, in plain clothes, quietly boarded the car, captured Williams and took him off. Other passengers apparently didn't know what was going on.

Williams surrendered meekly, insisting that police had the wrong man, that his name was "Billy Lilly." He had a driver's license bearing that name. But police fingerprinted him and established his identity. Williams, sullen and smirking by turns, was questioned more than two hours and finally admitted his identity.

Williams, a rapist and slayer, had removed a steel plate from his cell in the death row Tuesday night, just a month to the day, before his scheduled execution for murdering a Negro woman in a purse snatching attempt.

A wholesale investigation of alleged "laxity" at the big jail is under way. A guard was fired and (Turn to Page Eleven)

Washington, Aug. 17.—(P)—House Republicans massed strength today behind a drive to cut \$2,000,000,000 from the administration's \$8,500,000,000 foreign aid program.

Democratic leaders were confident they could blunt the drive but were not too certain they could prevent all of the proposed cut.

The \$2,000,000,000 GOP target includes \$651,250,000 already trimmed from the aid program by the house foreign affairs committee.

The additional \$1,400,000,000 many Republicans want to cut would come out of both military and economic aid, with Europe getting the heaviest trimming, around \$900,000,000.

No attempt is expected to be made to cut the \$415,000,000 aid proposed for Greece and Turkey or the \$62,000,000 for South American countries.

And not all Republicans are in sympathy with the drive for the big reductions.

Rep. Vorys (R-Ohio), a member of the foreign affairs committee, told newsmen he believes an overall reduction of \$1,000,000,000 would be in order. He indicated he would oppose further trimming.

Showdown voting is slated for late today.

Pending when the house adjourned yesterday was an amendment by Rep. Fulton (R-Pa) to cut \$200,000,000 from European military aid and \$300,000,000 from European economic aid.

These reductions would be in addition to those already recommended by the foreign affairs committee.

Farrell, Aug. 17.—(P)—Mrs. Katherine Province, 68, of Farrell took a 20-mile taxi ride to her death by drowning in the Shenango river.

Dr. H. H. Walker, deputy Crawford county coroner, said yesterday Mrs. Province drowned herself after she alighted from the taxi and strode out into the swiftly-flowing river near the Pymatuning dam. Relatives said the woman had been despondent because of ill health.

LICENSES ON SALE  
County Treasurer Frank Miller reported that by noon today 11 resident hunting licenses had already been sold. The season for hunting bucks is December 3-13 and the doe season is December 14-15. The bow and arrow season is from October 15 to October 27. Antlerless licenses have not yet been received.

Washington, Aug. 17.—(P)—The senate crime investigating committee today winds up more than a year of open hearings on rackets and gambling throughout the nation.

On the closing schedule are the tag ends of the lawmakers' inquiry into gambling and political tugs in northern New Jersey and Maryland adjacent to the District of Columbia.

BLUE RED—Seemingly bored, this North Korean guard sits with his head in his hand outside the conference house in Kaesong, Korea, where cease-fire negotiators once again ended their arguments in a deadlock. The UN truce team, with the agreement of the Reds, turned the problem of an armistice buffer zone over to a four-man subcommittee for solution.

## State May Realize \$15,000,000 Boost In Corporation Tax Under New Levy

Harrisburg, Aug. 7.—(P)—Pennsylvania may realize a \$15,000,000 boost in corporation tax revenues under a new tax levy now before Gov. John S. Fine for final approval.

The levy was designed to close a multi-million dollar loophole in the state's five per cent corporate net income tax.

It won speedy approval in the general assembly this week despite the body's marathon feud over other tax proposals. It passed the state's five per cent corporate net income tax.

It passed the senate with only one dissenting vote after winning unanimous approval in the house.

The new levy is expected by tax experts to produce anywhere from \$5,000,000 to \$15,000,000 in new revenue. These estimates are regarded at best as only a guess however since there is no previous experience with the tax. The returns could run higher or lower than anticipated.

The new tax is the first of its kind ever drafted by any state. It was prepared to fill a loophole in the state's corporate net income tax. The latter levy now exempts corporations engaging exclusively in interstate commerce even though their operations reach into Pennsylvania.

The loophole plugging levy would impose a property tax on such corporations based on their facilities operating within the commonwealth.

A state tax expert said the new tax will place such corporations on a competitively fairer basis with Pennsylvania industries now paying the state's corporate net income tax.

Failure of senate Republicans to endorse the governor's proposed state income tax has left an \$111,000,000 gap in his state budget for the next two years.

An alternate tax program to replace the income levy has been prepared by senate Republicans and is now under study by the house GOP membership.

Lakewood, N. J., Aug. 17.—(P)—A love-crazed suitor killed his attractive girl friend and her aged mother last night, fired their house, and then shot himself to death as police rushed him out of a thicket.

A third woman was rushed to nearby Paul Kimball Hospital with a 32 caliber bullet lodged in her spine. She was in poor condition today. A fourth was spared by the killer so she could "be a witness."

Ocean County Detective George Westervelt identified the dead women as Mrs. Anna Talpan, about 45, of Hillside, N. J., and her 87-year-old mother, Mrs. Kazimira Kaczmarek. Wounded in the wild affray was Mrs. Alexandra Prunkoff of Passaic, N. J., a visitor at the Kaczmarek home.

Their assailant was identified as 45-year-old Pawel Yasiewicz, a Polish DP believed to be from New York.

Westervelt said Yasiewicz pulled out a .32 caliber revolver and blasted away at the women during (Turn to Page Eleven)

## County Firemen Plan Civilian Defense Runs; Will Have Big Picnic on Sept. 2

At a largely attended meeting of the Warren County Active Volunteer Firemen's Association, held last evening in the fire hall at Pleasant township, plans were launched for a big picnic to be held Sunday, September 2, at Wilder field, Youngville. While it had been planned to hold the event on August 26, it was learned that the field was already taken by another group, hence the change to September 2.

Gurney Ball, of Youngville, is to be general chairman of arrangements for the picnic, which will start at 1:30 p. m. The refreshment committee will be made up of the Clarendon and Sheffield departments while Sugar Grove and North Warren make up the "caterers" committee. Russell, Columbus and Pleasant Township Departments are named in charge of the sports program, with Kincaid, Corydon and Tidoute in charge of entertainment. Clarendon will provide loud speakers, and Youngville firemen will be in charge of grounds. It is announced that the Russell band will provide its usual good brand of music.

Chief Lester Howies of Columbus, county president, was in charge of last evening's session. Ted Rodgers, of North Warren, is vice president; Gurney Ball, of Youngville, secretary; and Chief Merle See, of Youngville, treasurer.

Chief Pat W. Ferrie, of Russell, is to be in charge of a series of civilian defense runs which are planned for early September, and will announce a definite schedule at an early date.

## AMUSEMENTS

### STAGE AVALANCHE FOR "PALOMINO"

A spectacular rock avalanche is one of the highlights of Columbia's Technicolor outdoor drama, "The Palomino," now playing at the White-Way Drive In theatre.

Tons of rocks were laboriously placed in position high on a mountain top by studio technicians, so that at a given signal, the rocks would come hurtling down with a deafening roar.

It took a week for a special crew on location in the Santa Susanna mountains, using huge cranes, to pile the rocks on a precarious perch. But on the screen, the avalanche lasts just seconds!

### Camp Begins Today For Lutheran Boys

Sixty boys joined the staff at the Lutheran Boys' Camp for a ten-day camping session today. Under the direction of Ken Greenlund the boys were organized into tent units this morning. After lunch a series of athletic contests began between the different units.

Logan Bolon, athletic director, guarantees to toughen the muscles of the thin boys and work off the rolls of the fat ones with his program of games.

Saturday will begin with Bible study and the boys will get busy learning the things required to be mastered to secure the camp "L". Sunday school will be taught Sunday morning and church will be held at four o'clock, daylight saving time, in the afternoon.

Parents and friends are invited to visit the camp Sunday afternoon and bring a picnic supper which they may eat with the boys.

The camp is located at Camp Birdall Edey on the Grunderville Road.

**BID IS REJECTED**  
When bids for the construction of an eye-beam bridge over Hemlock Creek and of 0.37 of a mile of roadway adjacent thereto were opened at Harrisburg, the bid of Keystone Construction Co. of Meadville, the only bidder, was determined to be too high and was rejected. Secretary of Highways Ray F. Smock announced yesterday that this project will be re-advertised and bids taken at a later letting. When this work is actually done it will eliminate a sharp curve where the road passes through the Rapp property.

The development of America's modern, ready-to-wear clothing industry grew out of problems of military supplies.

## William Copeland, Born in Warren, To Become a Minister

Born in Warren in 1906, a prosperous business man and ranch owner in California, William F. Copeland, has just given up all his business connections to start studying for the Episcopal ministry.

Mr. Copeland is a nephew of the late Miss Kate Copeland, whose home was at 414 Liberty street, and is the son of Mr. and Mrs. William Copeland, San Diego, Calif., with whom he left here many years ago. He will be nearly 50 years old before he can be ordained a priest. Ahead for the next two years is study at the Church Divinity School of the Pacific at Berkeley. Living conditions there will present a problem, too, as going with Mr. Copeland, to live in crowded quarters allotted married students, will be Mrs. Copeland and their three sons.

After two years at Divinity School, Mr. Copeland will be eligible for ordination as a deacon; then, a year later, when he is 48, he can be ordained a priest. After that will come at least a year as an assistant rector before he can hope for a church of his own. Mr. Copeland's educational background has helped him shorten the years of study for the ministry. He attended California State College and the University of California before graduating from the University of Southern California.

The Copelands will be remembered by many in Warren, and Mr. Copeland's aunt, Miss Kate, was well known here.

## Times Topics

**ELECTRIC INTERRUPTION**  
Continuing its improvement program, if weather permits, Pennsylvania Electric Company will change over its wires and install equipment in the Beech Street area, part of West Fifth Avenue, Follett Run Road and Venturatown area, North Warren on east side of State Highway, starting at 7:00 a. m. Sunday and continuing until about 11:00 a. m., time varying in the several areas depending on the progress made by its crews.

**WATSON REUNION**  
The Watson Township Old Timers' reunion will be held Sunday, August 19, at Sandstone Springs in Watson township, and all former and present residents of the district as well as any other interested persons are cordially invited to attend.

**WILL ENTER WHARTON**  
Mr. and Mrs. E. J. Cochener and son, Charles, 415 W. Fifth avenue, left this morning for Philadelphia where Charles, who is the recipient of a Samuel S. Fels scholarship, will enter Wharton School of Commerce and Finance at the University of Pennsylvania. He will study for his master's degree in governmental administration.

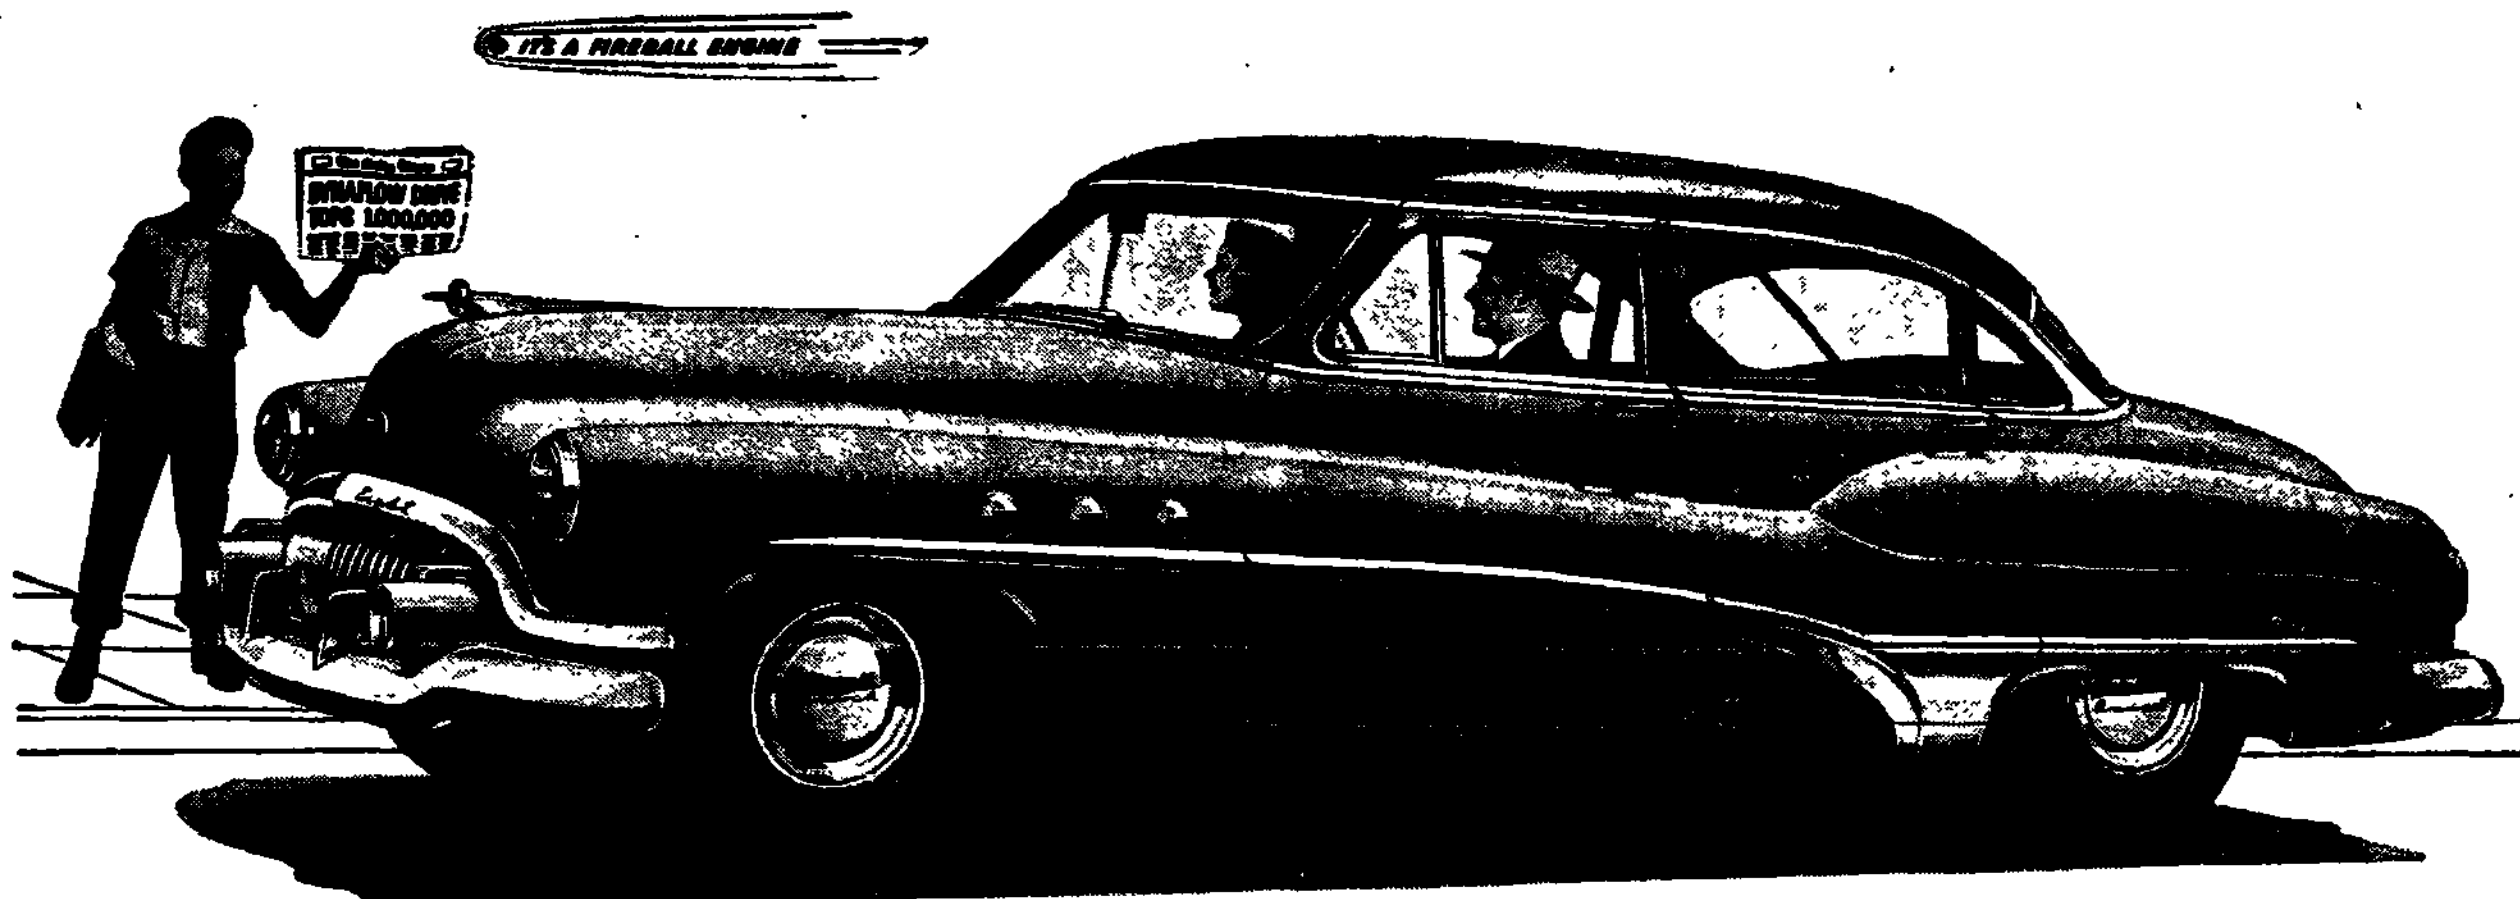

**ROTARY MEETING**  
Lieut. Jane States, assistant to Major and Mrs. Charles Schaffer, will be the speaker at the Rotary club meeting Monday noon at the YWCA and her subject will be "Salvation Army." This is in keeping with the fact that August has been designated as the month for publicizing the Salvation Army as a participating member of the Warren Community Chest.

**CYCLIST INJURED**  
Gail Hazeltine, 15, of Pittsfield, is in "fair" condition in the Corry Memorial Hospital suffering from injuries sustained at 3:05 p. m. Wednesday when struck by a car driven by William J. Barron, Erie county deputy sheriff, on Route 6. Miss Hazeltine, a daughter of Mr. and Mrs. Ivan Hazeltine, was attempting to ride her bicycle across Route 6 about four miles west of Pittsfield when the accident occurred, according to State Police of the Corry barracks. Officers said tire marks on the highway showed Barron had attempted to avoid hitting the girl. She was rushed to the hospital where diagnosis showed she suffered a severe and extensive laceration of the scalp and a fractured pelvis.

## BIGGEST BARGAIN IN WARREN

# They Like it a Million!

Last week Buick set a proud record.

The millionth Dynaflo Drive\* was delivered to a happy owner.

That's a new peak in popularity for modern drives which take you from a standing start to any cruising speed desired with a smooth, unfaltering swoop of power.

"The biggest advance since the self-starter" is what the motorwise press called this Buick development back in 1948—and now a million owners can tell you how right that proved to be.

Here, they found, was a basically different way of delivering power.

It was the first drive to get com-

pletely away from any gears which function in a series of fixed stages—the first to apply supercharging principles that did new tricks with spinning oil.

And how folks loved it!

They loved the freedom from strain in traffic. And the new "sweetness" of ride which every passenger could enjoy.

They loved the command it gives them of every traffic situation—and the relaxation it contributes to a long day's drive.

They loved its extra safety in slippery going, and the improved control in mud and snow.

As they had a chance to pile up experience, they loved the unexpected savings of rear tire wear and reduced strain on all driving parts, from engine to differential.

And finally—they loved what it does for the value of a Buick, as reflected in the extra dollars that Dynaflo\* adds to the resale price of a car.

Have you sampled this driving sensation?

There's no time like the present for discovering the thrills that more than a million Buick owners already know.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional at extra cost on other Series.

## NO OTHER CAR PROVIDES ALL THIS:

**DYNAFLOW DRIVE\***—saves strain on driver and car. FIREBALL ENGINE—high-compression, valve-in-head—gets more miles from every tank of fuel.

**PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection.

**WHITE-GLOW INSTRUMENTS**—greater clarity at night. TORQUE-TUBE DRIVE—seals the chassis, steadies ride, improves driving control.

**4-WHEEL COIL SPRINGING**—cushions ride, saves servicing costs.

**DUAL VENTILATION**—outside air fed separately to right or left of front compartment.

**SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal-pressure five times at brake drum.

**DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweepers on most models.

Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher.

When better automobiles are built BUICK will build them.

## Announce Date For Federal Inspection Of Naval Reserve

Lt. Sidney W. Blackman, Jr., commanding officer of the Jamestown, N. Y., Naval Reserve Training Center, announced today that October 9, 1951, has been set as the tentative date for the federal inspection of Organized Surface Division 3-68. The information came in a letter from the Commandant of the Third Naval District.

The Jamestown Division was entered into national competition after placing first in the annual inspection of the Third Naval District, the largest in the country.

As a result of this, Reservists and Stationkeepers of the unit have been working many extra hours in preparation for winning the James V. Forrestal Trophy, the award given the outstanding Surface Division.

Shortly, the 60 top ranking Naval Reserve Divisions in the country will receive letters of commendation from the Chief of Naval Personnel for being judged "best of their class" for fiscal 1951 by 11 district commanders and the Potomac River Naval Command.

The best Naval Reserve Divisions on the nation, that are in the same classification as the Jamestown Center, are: 1st Naval District, Div. 1-43, Woonsocket, R. I.; 3rd Naval District, Div. 3-68, Jamestown, N. Y.; 4th Naval District, Div. 4-17, Hazelton, Pa.; 5th Naval District, Div. 5-21, Roanoke, Va.; 6th Naval District, Div. 6-16, Daytona Beach, Fla.; 8th Naval District, Div. 8-29, New Orleans, La.; 9th Naval District, 9-222, Oakbrook, Wis.; 11th Naval District, Div. 11-48, Santa Monica, Calif.; 12th Naval District, Div. 12-38, Santa Cruz, Calif.; 13th Naval District, Div. 13-2, Butte, Mont.; 14th Naval District, Div. 14-1, Pearl Harbor, T. H.; and PRNC, Div. W-5, Washington, D. C.

Plans are being made for a conservation tour of several of the farms in Warren county. This will provide an opportunity to view conservation practices established in the area. More details about the tour will be published at a later date.

See you all next week.

## OFFICE OPEN

Friday until 9 p. m. and Saturday until 5 p. m. to allow YOU to take advantage of the Dollar Day Offer when you can save \$1.00 on each year subscription paid to the Times-Mirror this week.

## The Changing Landscapes

RALPH G. ECKERT

Hello Folks: Those few cool days we had last week were reminders that summer is drawing to a close and the fall season will be with us in a short time.

Lyle McIntyre, Farmington Township farmer, recently completed his conservation farm plan. He is building up his farm and intends to get into grassland farming which will fit in well with his future plan of running beef.

A conservation survey was completed by John Allen on his farm in Glade Township with the help of the SCS. He has some steep land on his farm which is being put to its most efficient use—that of raising trees.

Clyde Swanson completed conservation farm plans for his two farms on Swede Hill. He intends to plant trees on some of the steeper slopes. Clyde is also interested in pasture improvement and has already done some clearing work as a beginning for better pastures.

The SCS helped Roy Lindell, Lander farmer, complete the conservation survey of his second farm. He planted some trees last spring and they are coming along nicely.

Plans are being made for a conservation tour of several of the farms in Warren county. This will provide an opportunity to view conservation practices established in the area. More details about the tour will be published at a later date.

See you all next week.

## Grove Firemen Are Making Plans For Fair Participation

Sugar Grove, Aug. 15—Donald Abbott presided at the August meeting of the Sugar Grove Volunteer Fire Department.

Among the committees appointed for the groups' participation in the Sugar Grove Community Fair were: Food concessions, John Kollik; dance, Arthur Body, Clarence Sherrard and Lawrence Dalrymple. Howard Curtis represents the group on the parade committee and residents are asked to plan as good lighting as possible on the line of march for the parade which will be Friday evening, September 14th. Howard Onink, of the fire police, was instructed to purchase necessary equipment for emergency use.

The mechanics were instructed to make repairs to the fire truck damaged in an accident Saturday while enroute to the Youngsville parade. The truck is not out of service as most of the damage was to radio equipment. The company responded to one alarm the past month.

All members agreed to have an all-day drill Sunday, September 23, with all members taking part.

Men started installation of the water system for borough building Tuesday evening.

Refreshments were served by Richard Manross and Rudy Burkholder.

Recent guests at the home of Postmaster and Mrs. Howard Rathburn were Mr. and Mrs. Samuel Tague of Philadelphia, and Floyd Rathburn of Findlay, O.

Weekend guests of Mr. and Mrs. Robert Phillips and family, Conneautville, Pa., and Mr. and Mrs. Allen, Niobe.

Firefly light can be duplicated in laboratories but only at tremendous cost.

## GIMMICK IN CONTROLS BILL

Whenever price control measures have come before Congress in recent years, a curious economic theory has reared its head. What it amounts to is taking virtually all the risk out of doing business.

Sometimes this notion has been shaped into a "guaranteed profits" proposal. That was suggested back in 1946, and again this year. It would assure businessmen a prescribed level or percentage of profits.

The arrangement occasionally has called for the extension of this principle to every line a manufacturer produces. In other words, if he happens to make stoves, iceboxes and vacuum cleaners, the ceiling prices would be set to guarantee him a profit on all these items.

This plan, however, has never actually been cast into law. The opposition always has managed to muster sufficient strength to defeat it.

But an alternative device leaning in the same direction did find its way into the Defense Production Act as renewed on July 31 of this year.

It is the so-called Capehart amendment. It was fashioned at three a. m. one morning in a Senate-House conference committee meeting on the legislation. The clause provides simply that anyone may obtain a price ceiling for his product that reflects all his added costs from the period before the Korean war to July 26, 1951.

Up until this provision was inserted and approved, government policy had been to set ceilings at pre-Korean levels plus all direct cost increases—those for labor and materials.

The Capehart amendment allows the manufacturer to toss in cost changes in overhead, advertising, selling and the like.

In so doing, it has greatly weakened the price stabilization structure and immeasurably complicated the fairness of manufacturers' cost claims.

The business technique of cost accounting is so highly developed today that one firm, in an experiment, got six different cost results on its products by figuring its costs according to six different accounting systems. The range in figures was great. Furthermore, most companies do not keep records which show accurately how their indirect costs (selling, etc.) apply to the cost of their products.

For the government to check on cost data submitted under the Capehart amendment would be out of the question without a huge expansion of OPS personnel. So there is little left to do but accept the figures and grant the ceiling prices requested.

This will mean government protection of the highest cost producer. Except in the extremity of actual all-out war, when cost is inconsequential, we have never thus safeguarded the high-cost man.

America built its greatness on venturesome risk-taking. A willingness to brave the competitive struggle has been a hallmark of the U. S. entrepreneur. We in this country have never sought guarantees of success in any field. We have felt we should earn it.

## ARE YOU A PROCRASTINATOR?

Everything gets blamed on the weather! Mark Twain once said, "Everyone talks about the weather but no one does anything about it."

In summer it's too hot or it's too nice to stay home. In winter it's too cold or the roads are bad. In the fall the crops must be harvested before frost or it's hay fever time. In the spring it's raining or the crops must be planted. Warren County Chapter American Red Cross officials are well aware of the fact that at this time hot weather and vacations, coupled with public apathy and general "procrastination," have a tendency to reduce the number of blood donors when the bloodmobile unit makes its visit to the Warren County Chapter.

Good intentions and alibis cannot be transfused to the veins of seven-year-old Johnny struck by an automobile or nineteen-year-old Jim wounded by Red Chinese mortar fire in Korea. These are the victims that procrastination kills.

The only question of "whether" effecting the forthcoming visit of the bloodmobile next Wednesday, August 22, is "whether" you will donate blood and if you will do so "whether" or not you will be present between the hours of 10:00 a. m. and 4:00 p. m. at Red Cross headquarters in Market street.

"Whether" it's "weather" or "whether" it's procrastination—let's call 2926 and make an appointment to donate blood next Wednesday, the 22nd.

## The Campaign Against Aggression Continues

## Here And There

Firemen's conventions and old home weeks are not modern ideas by any means, as may be assumed from an article that appeared in the August 18, 1891, issue of the Warren Ledger, concerning the big firemen's parade scheduled for the following Wednesday. Says the article: "The annual parade of the Warren Fire Department which occurs next Wednesday promises to equal, if not surpass, any previous event of the kind in the history of the department." Included in the day's program was an exhibition of the Warren Water Works system, by the Department and Steamer R. P. King, showing "our best friends in time of fire." There was a grand ball in the rink in the evening in honor of the department's guests for which the services of Reig's orchestra had been secured. The line of march, as outlined in the article, is interesting: First division right resting on Hickory, facing High; High street to Public Way; Public Way to West Water; West Water to Second; Second to Market; Market to head of Market and counter march to High, where the burgess and town council reviewed the parade: High to East; East to Short; Short to Water; Water to Park where Burgess Perry D. Clark delivered a welcoming address. Included in the parade were Coleman's Union City band and Hope Fire Company of Meadville; Watson Fire Co.; Band and Deluge Co.; Jamestown, N. Y.; Struthers Hose; Wilbur band, Jamestown; and Union City Hose Company; Ed Wetmore Hose Company, Warren; Jamestown band and Jamestown Fire Police; Warren Fire Police; Little Valley Cornet band and Emerald Hook & Ladder Company, Salamanca, N. Y.; Citizens Hook & Ladder Co., Warren; Warren band, and Niagara, N. Y.; Hose Co.; Old Rescue Hose Co., Warren, in carriages; 1845 Engine Co. No. 1, Warren, in carriages; Steamer R. P. King; visiting chiefs, burgess and councilmen.

## WASHINGTON COLUMN

## Private Builders Need Lures To Provide Defense Housing

BY PETER EDSON  
NEA Washington Correspondent

WASHINGTON—(NEA)—The Atomic Energy Commission has had plenty of troubles in providing housing at its two huge plants near Aiken, S. C., and Paducah, Ky. This fact illustrates the need for government defense housing legislation now before Congress.

For the private home builders—in spite of all protests against government housing—have completely failed to do the job at these two sites.

Atomic Energy Commission is an old hand at this public housing business. AEC has three "company towns"—Los Alamos, New Mexico; Richland (Hanford), Wash., and Oak Ridge, Tenn.

But seven years of headaches on the other two have made the AEC commissioners most anxious to get out of the landlording, sewer school, fire and police department business in order to devote full time to the much simpler business of making atomic bombs.

When South Carolina and Kentucky expansions were planned, AEC decided it wouldn't get caught this time by company towns. It would leave to others the problems of housing construction workers and permanent plant operations force.

The Housing agency relaxed credit curbs for new housing for sale on these areas. Rental housing credits were relaxed to a degree, or lower priced units. It was thought this would provide the proper incentives for private housing. But nothing happened.

EARLY in July, AEC field offices began to get rumblings about housing shortages for construction workers. So a second stick of candy was dangled before the home building industry. A \$350 million reserve was established in Federal National Mortgage Assn. This was for the purchase of mortgages from local banks for programmed housing in defense production areas. But even this didn't do the trick.

AEC was and still is anxious to avoid government towns on government property. It wants its temporary construction workers and permanent labor force to find homes in the neighboring towns like Aiken, S. C., Augusta, Ga., and Paducah, Ky. But the problems of added schools, hospitals, fire and police protection were acute in all. Something had to be done. At Paducah, AEC authorized the McGraw company, general contractors, to build 1000 barracks units.

American Trailer Coach Association was asked to see if it could do anything to stimulate establishment of trailer parks. The DuPont company, general contractors at Savannah River, worked out a plan by which they would guarantee to pay rentals on vacancies in return for control over tenants.

WHAT this experience proves, if anything, is what men like Senator Sparkman of Alabama, Mr. Foley, and a few rugged individuals still left in the building game, like William J. Levitt of New York, have been insisting all along.

While the total need for defense housing has been estimated at 50,000 units, the Senate-passed bill now before the House of Representatives will meet only about half of this demand.

It would provide \$1.5 billion worth of mortgage insurance for defense housing. It would provide \$150 million in direct housing loans to veterans. It would provide a \$75 million authorization for government housing in critical areas, but only after private industry had had time to refuse to build needed housing.

A \$10 million revolving fund would be created to acquire sites near defense plants and avoid land speculation like that in South Carolina. For construction of needed community facilities—streets, sewers, schools and hospitals—\$100 million in grants and loans would be provided.

All these lures are considered necessary to get the private home building industry to house the defense workers.

This 'n That: Harry Lord, former popular Warren High athlete of over 20 years ago, and now employed at Hotel Emery, in Bradford in its famous Gold Room, boasted to a Times-Mirror man this week: "Well, I'm a grandfather now! . . . One of the side-walk superintendents suggests a good picture for the paper would have been one showing our own Spargy Saylor taking a picture of the flag atop the steel work at the new Warren General Hospital. . . . Recalling the demand that existed for his services last Christmas season when he donated his talent as Santa's 'helper' many folks are wondering what they'll do this year now that Karl Rotter, popular Peneloe load dispatcher, has been transferred to Johnstown. . . . Daisy Campbell, Titusville, former Warren resident who has earned the reputation of being a real dyed-in-the-wool baseball fan, writes us: 'Well, here it is the middle of August and in another month the major baseball season will be nearly over and my poor Pirates will still be in the cellar unless some miracle happens and they get into a real winning streak—but I think they will make a better showing next year with Rickey, if he gets old Bill Meyer out of the picture. See what Al Lopez is doing for the Cleveland Indians, and I was just sick when Pittsburgh didn't get him. I am planning now to go to Pittsburgh September 9 and see a double-header between the Pirates and St. Louis, and also see my old friend, Honus. Thanks for publishing the Dunn reunions'. . . Rosey Rowswell, who broadcasts the Pittsburgh Pirates games and is their No. 1 rooster, will act as master of ceremonies during Little League Day to be observed at Oil City next Wednesday. . . . A total of 57 boys, all members of the senior, junior, sophomore and freshman classes, were given physical examinations Tuesday at the Hatch building in Corry as the first step prior to the launching of the football practice season. . . . The Town Council at Ridgway devoted five hours to a discussion of routine business at the August meeting Monday night. . . . The Clearfield Red Cross Chapter fell short by 54 pints on the visit of the Bloodmobile there Tuesday.

## YEARS AGO

Interesting Items Taken From The Warren Evening Times

1891  
The Men's Doubles division of the Warren County Tennis Association tournament reached the final round after the last quarter-final match had been played off yesterday. A. H. Yarg and Folmer Yarg, father and son, stepped out in their match yesterday to stop Dr. Hugh Robertson and Bill Hill, 6-4, 6-4.

Will Rogers says: Farm Board destroying every third row of cotton is the nub of a great idea. What could give more relief than extinguishing every third senator, every third congressman, every third committee, every third stock broker, every third law? Make a third of the vice presidents go back to work. Turn the cows back into every third golf course. Convince every third gangster arrested. This whole plan is expensive and a surefire scheme back to prosperity.

Warren Rotarians were hosts to more than 30 crippled children today at the annual picnic. Following the luncheon, Clare Cray presided at the showing of three reels of moving pictures.

A. L. Cochran, supervising principal of the Clarion Borough schools, was elected unanimously by the board to succeed C. H. Barnes as principal.

Members of the graduating class of '29, Warren High, are holding a reunion at the Outing Club. In charge of the affair are Nelson Johnson, Jeanne Barwis, Richard Dase, John Guild, Mary Louise Branch and Willard Wine-riter.

1941  
War Bulletins: Full accounting of International situation believed planned as executive summons leaders who have dealt with more foreign affairs; may discuss possibility of new lease lend appropriation.

President Roosevelt signed into law today legislation to relieve men 28 years and older from active military duty under Selective Service Act.

Warren Dollar Days proclaimed huge success!

G. M. Borg is in Chicago to attend sessions of the National Photographers' Association annual convention in the Hotel Stevens.

Snead wins Times-Union, with little Ben Hogan, of Hershey, second. Hogan still leads the nation's golf pros in both 1941 money winnings and the Vardon trophy race after his second-place finish in the \$5,000 Times-Union Open.

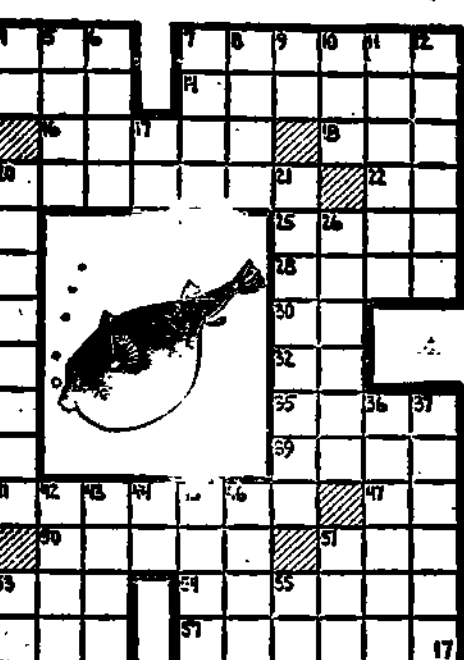

County and state employees have a large turnout at their picnic at Island Park, Youngsville.

Mr. and Mrs. Albert Kirberger entertained 60 guests at the Country Club party Saturday evening to honor their house guests, Mr. and Mrs. Benjamin Stout, of Palm Beach, Fla.

## Tips On Tuning

So you want to listen to sports broadcasts? This is your week! Here is the schedule of games to be broadcast over Warren stations during the next week.

Friday, 8:25, Chicago at Pittsburgh.

Saturday, 1:25, Chicago at Pittsburgh.

Saturday, 7:45, Steelers vs. Eagles (pro football).

Sunday, 12:55, Chicago at Pittsburgh (double-header).

Monday, 1:30, open date time; 8:25, Boston Red Sox at Pittsburgh (exhibition).

Tuesday, 1:30, Cincinnati at New York; 8:30, Pittsburgh at Boston.

Wednesday, 1:30, St. Louis at Brooklyn; 8:30, Pittsburgh at Boston.

Thursday, 1:30, St. Louis at Brooklyn.

Friday, 1:30, St. Louis at New York; 8:00, Pittsburgh at Philadelphia.

That's it—plenty of sports for everyone. The pro football game on Saturday evening is an exhibition game to get the season underway and the Sunday double-header will start on WRRN but will be picked up at 2:30 and carried to the conclusion on WNAE. Jamestown is not playing at home this week. The Steelers broadcast does not necessarily mean that WNAE or WRRN will have the full pro schedule this fall, but an effort is being made to obtain these games by virtue of the response from listeners on WRRN. If the games are heard in Warren it will probably be on WRRN.

One of WNAE-WRRN's older employees in terms of service leaves this week to tackle television. Wilbur Gladd, who has been heard mostly on FM, has accepted a position on the engineering staff of WHAM-TV in Rochester. Wilbur is a home-towner, having been reared in Warren. He goes to Rochester to take training as a cameraman for WHAM.

A long-time favorite with the nation's radio listeners is personality star Lanny Ross, whose melodies are currently featured on his own "Lanny Ross" broadcasts over Mutual Mondays through Fridays.

TV. We always hate to see these fellows go, but when they do, they always leave our best wishes for luck and success.

The magic wand of Mutual's "Queen for a Day" cinderella program will tap a lucky listener next month and provide her with a round-the-world trip and a chance to visit cities and countries that make the headlines of the day.

In line with its custom of taking elected "Queens" to far-away places about which they could only dream, the MBS-WRRN feature has arranged a tentative itinerary of fifteen world-famous centers for the royal tour. Among the places to be visited are London, Paris, Zurich, Rome, Cairo, Bombay, Calcutta, Singapore, Jakarta, Darwin, Sydney and Honolulu.

Other elected "Queens" have traveled extensively, though not around the world. The "Australian Queen" made an 8,000-mile trip to the land "down under." The "London Queen" was the show's guest in the British capital for Princess Elizabeth's wedding. The "Paris Queen" found Maurice Chevalier as her escort in the "City of Eternal Light." The "Vacation Queen" toured the United States and visited Bermuda. And the "Queen of America" traveled extensively through West Europe.

The "International Queen" will be selected on the basis of a letter-writing contest in connection with the "Queen For a Day" film. She is to be named by emcee Jack Bailey on the Monday, September 24 (11:30 a. m. to 12 noon, EDT), broadcast from thirty preliminary "Queens." These "Queen" finalists are to be named each broadcast day starting Monday, August 13, and running through Friday, September 21.

## Tiny Town

Warren's Finest Children's Shop  
424 Penna. Ave., W. Phone 43

A long-time favorite with the nation's radio listeners is personality star Lanny Ross, whose melodies are currently featured on his own "Lanny Ross" broadcasts over Mutual Mondays through Fridays.

TV. We always hate to see these fellows go, but when they do, they always leave our best wishes for luck and success.

The magic wand of Mutual's "Queen for a Day" cinderella program will tap a lucky listener next month and provide her with a round-the-world trip and a chance to visit cities and countries that make the headlines of the day.

In line with its custom of taking elected "Queens" to far-away places about which they could only dream, the MBS-WRRN feature has arranged a tentative itinerary of fifteen world-famous centers for the royal tour. Among the places to be visited are London, Paris, Zurich, Rome, Cairo, Bombay, Calcutta, Singapore, Jakarta, Darwin, Sydney and Honolulu.

Other elected "Queens" have traveled extensively, though not around the world. The "Australian Queen" made an 8,000-mile trip to the land "down under." The "London Queen" was the show's guest in the British capital for Princess Elizabeth's wedding. The "Paris Queen" found Maurice Chevalier as her escort in the "City of Eternal Light." The "Vacation Queen" toured the United States and visited Bermuda. And the "Queen of America" traveled extensively through West Europe.

The "International Queen" will be selected on the basis of a letter-writing contest in connection with the "Queen For a Day" film. She is to be named by emcee Jack Bailey on the Monday, September 24 (11:30 a. m. to 12 noon, EDT), broadcast from thirty preliminary "Queens." These "Queen" finalists are to be named each broadcast day starting Monday, August 13, and running through Friday, September 21.

## Co. GOP Women Are Entertained by Group in Sheffield

Sheffield, Aug. 17.—Sheffield members of the Warren County Council of Republican Women held hostess to the meeting of the Council last evening at the American Legion home in Sheffield.

Guest speaker was Mike Evan, chief of police of Warren boro and a former Sheffield resident. His most interesting and informative talk revealed the origin and history of police work, the police department's connection with the local, county, state and federal governments and also its work. He explained the fingerprinting which the borough police have been doing this year of the Warren boro school children and of its benefits. For example, disaster or amnesia victims can easily be identified by their fingerprints.

There were trumpet solos by James Vile accompanied at the piano by Loren Wright and vocal solos by Merle Anderson accompanied by Miss Marilyn Benson. Miss Irene Richwalsky was in charge of the program.

Mrs. George Sarvis, president of the council, conducted the brief business session after which refreshments were served with Mrs. Norman Samuelson, Mrs. Harry J. Rice, Mrs. Melvin Sauter, Miss Richwalsky and Mrs. Wendell McMullen as the committee in charge.

## AKELEY W. S. C. S. AT ARTHUR HOME

The WSCS of the Akeley Methodist church met at the home of Mrs. Harold Arthur for their August meeting, with Mrs. Anton Lindquist as co-hostess.

Mrs. Victor Granquist, president, presided at the meeting, and the scripture and meditation was by Mrs. Henry Larson. The devotional subject was "Even Unto the End of the Road."

The roll was called and the secretary and treasurer gave their reports. A songbook will be held in the Grange Hall next Saturday, Mrs. Jerol Angove and Mrs. Winston Finzer to have charge.

Mrs. Henry Larson read the poem, "The Blessed Ones" and read an article, "Are These My Church Members?" Participating in the program were Mrs. Hallie Holt, Mrs. Harold Arthur, Mrs. Allan Arthur, Mrs. Edward Miller, Ida Grace Larson, Mrs. Eleanor Arthur, soon 85, Trenton, N. J., was among the guests.

Delicious refreshments were served by the hostesses, and a social hour was enjoyed. The September meeting will be with Mrs. Victor Granquist and Mrs. Henry Larson, the time and place to be announced later. W will be the letter for the memory verses.

## ANDERSON-RILEY MARRIAGE ANNOUNCED

Mr. and Mrs. J. G. Riley, Lakewood, N. Y., announce the marriage of their daughter, Mildred Pauline, to Carl William Anderson, son of Mrs. Svea Anderson, 709 1/2 East street, this city.

The ceremony took place in the First Lutheran church in Jamestown, N. Y., on Saturday, August 11, the Rev. Paul Westerberg officiating.

The couple were attended by Mr. and Mrs. Roy Fasnemyer, sister and brother-in-law of the bride. After a brief honeymoon, the newlyweds are at home at 18 McKinley avenue, Jamestown, N. Y.

## CLASS PICNIC IN STOCKTON, N. Y.

All members of the Arbutus and Elvidge classes of the First Presbyterian churches are cordially invited to attend a picnic at Mable Hays Barrett's home on the Stockton Road, N. Y., on Wednesday, August 22. Dinner will be served at one p. m., and each one to bring a turkey, table service and sandwiches. Gertrude Water is transportation chairman.

## MARTHA SOCIETY

Members of the Martha Society of the Emanuel Evangelical and Reformed church will meet Monday evening at eight o'clock with Mrs. Fred Streich, 7 South Marion street.

## RUTH MILLETT

'Worn Out' at Day's End? These Things Will Do It

A FEW tips for the woman who really wants to be happier than she is.

One. Don't nurse old grudges and refuse to let go of past hurts. There are two things you can do about past unhappiness. Brood about it. Or forget it. The first is the right choice if you really enjoy wallowing in misery. The second is the right choice if you want to be happy.

Two. Don't face each new day as though it is an ordeal to be lived through, somehow. A lot of women do. But if you're going to be happy you've got to welcome each day as it comes along. Get what you can out of it in work accomplished, things done for others, and at least something done strictly for your own pleasure.

Three. Don't deliberately create situations that you know are going to make you tense and nervous and anxious. Crowding a shopping trip into an already full day; letting the children tease you into some tiresome jaunt you know you don't feel up to, deciding that, no matter what, all the ironing has to be finished today. Those are the sort of wearying situations a woman can create for herself.

## NOBODY'S PERFECT—SO DON'T TRY TO BE

FOUR. Forget about perfection, if you're a home-maker. Instead, let your ideal be doing things as quickly and easily and painlessly as possible.

Five. When you're doing a pesky job, lighten it by singing as you work or listening to the radio or thinking about something pleasant or making plans. You don't really HAVE to think about scrubbing just because you are at the ironing board.

Six. Take pride in your ability to turn potential unpleasantness into happiness, whether you do it by helping Junior find something to do before he gets so quarrelsome or destructive from pure boredom that you have to spank him or by stopping work to take the kids to the park when you feel your own temper wearing thin.

AFTER years of reading letters from unhappy wives I've come to this conclusion: The middle years are hard on a woman because at the time when she needs the bolstering effects of her husband's love the most, he usually needs hers the least.

A young husband struggling to make a start needs his wife; it bolsters his ego, to turn to for assurance when he wants to take a chance to help him plan and dream.

But by the time husband and wife reach the middle years of life the husband is usually well on his way. He is absorbed by his work. He is self-assured and pretty well pleased with what he has made of himself.

He doesn't need his wife's support the way he did as a young man. In fact, he may have become so used to her loving faith in him that he is no longer touched by it. He takes it for granted.

## NEEDS TO SHARE HUSBAND'S WORLD

BUT at this same time, his wife desperately needs to feel that she is cherished and needed by the man she married. Because her life has been more restricted than his, she needs to feel a part of his world. At the time when he is likely to do the least sharing of his life, she needs that sharing the most.

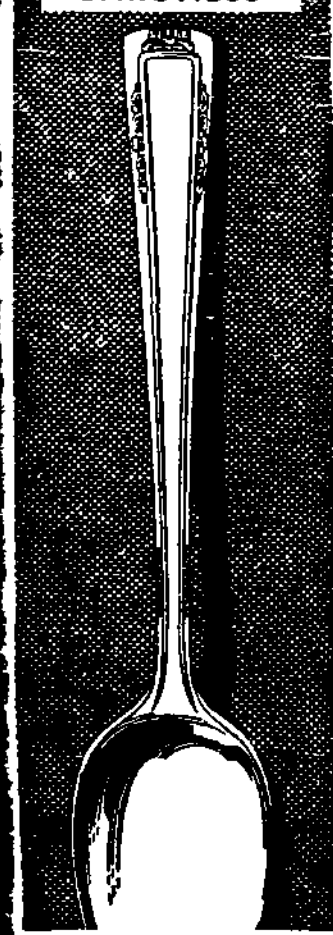

And so, feeling suddenly somewhat unimportant in her husband's scheme of things, she becomes unhappy. She knows she is growing older. She probably feels she is in a rut. And she is a little bit afraid—afraid that the man she loves no longer needs her and is growing away from her.

That is how middle-age must be to thousands of women, judging from their letters to me.

If husbands were only as understanding and generous about helping their wives through the middle years as wives are about standing by their husbands through the early years and through old age, marriage would be a finer thing.

## GROUP MEETING

The seventh quarterly business meeting of the Roswell-Kehrl Savings Fund Association was held last evening, at which meeting the regular quarter-yearly dividend of two and one-half percent was declared payable to all members. Following the business session the meeting adjourned for the enjoyment of the quarterly membership dinner which was served at the Kane Manor, Kane.

NEARING CENTURY MARK—Miss Leadore Smiley, guest at the Keystone Nursing Home, marks her 98th birthday anniversary Monday. One of the most delightful and entertaining guests at the home, Miss Smiley spends much of her time reading the Bible and chatting with other guests. She is a former school teacher and is the sister of E. W. Smiley, of 18 East Third avenue. (Times-Mirror Photo).

## CALIFORNIA COUPLE MARRIED IN WARREN

Announcement is made of the marriage of Miss Beverly J. Brighouse, 5907 College View avenue, Los Angeles, Calif., and Philip C. Halverson, 8509 Pickford street, Los Angeles, on Thursday evening, August 16.

The Rev. Frank A. Kehrl performed the ceremony at his home, 107 Connecticut avenue. The bride formerly resided in the same community where the Rev. and Mrs. Kehrl lived in California.

After a brief honeymoon in

western New York, Mr. and Mrs. Halverson will reside in Erie.

## CLASS PICNIC

The Washington class of the First Lutheran church will have their annual picnic at Wildcat Park, Ludlow, tomorrow afternoon. All members and their families are invited. The group will meet in the Evans shelter for the tureen dinner. The class will furnish ice cream, coffee, sugar and cream.

One coffee tree yields about 1.68 pounds of roasted coffee per year.

## Today's Business Mirror

By SAM DAWSON

New York.—(AP)—Uncle Sam, to many people, seems to be going in to the business of guaranteeing prices, wages or profits for more and more citizens. Usually those who benefit are very vocal, organized groups.

The urge for security grows in turbulent times. Those seeking from their government guarantees that prices of their products be maintained, that take-home pay keep step with the cost of living, that profit margin be insured against price-cost squeezes, all have strong reasons to believe their demands are fair and just.

It's those who believe they don't have any guarantees—the white-collar worker, the pensioned, the retired man, any one trying to live on his savings and investments the consumer in general—who question the guarantees. Here are some of the guarantees:

Prices—the parity system is designed to protect farm prices from falling below a level regarded as a fair balance between what the farmer gets for his produce and what he must buy to live and produce it.

To the city dweller this may look as if the government is guaranteeing the farmer a sure thing—and at the taxpayer's expense. But the farmer says that despite some forms of crop insurance he still has to gamble with the weather; that without parity support he also would have to gamble with general economic conditions, and easily could be ruined.

Wages—the Wage Stabilization Board has just moved to guarantee the value of take-home pay against a rising cost of living. The board approves tacking wage rates to the cost of groceries, clothing and rent.

To the unprotected white-collar

man, this may look like a government guarantee of income to a favored segment. But the protected worker points out he has no guarantee that he always will work a full week or every week in the year. Despite unemployment insurance, the labor unions now are driving for the guarantee of an annual wage as one of their next objectives.

Profits—Critics of the recently enacted control law contend that it guarantees profits to manufacturers and merchants. Manufacturers can pass along to consumers any rise in costs up to June 26. Merchants can add their normal mark-ups to the price they pay for goods.

To the consumer that appears to be a government floor under business earnings—at the consumer's expense. The manufacturer replies he has no guarantee against competition or against over-producing and taking a beating. The merchant can over-stock and be forced to sell at a loss. The consumer still calls the tune on that.

## Rehabilitated Schoolhouse Makes Beautiful Home

MISS FLORENCE WARD'S charming home, the old Snyder School (above) as it appears today; a friendly, ivy-clad residence with velvety lawns and beautiful flowers.

SNYDER SCHOOL (right) as it looked when purchased by Walter D. Ward in 1939. The students in the foreground could not be identified.

## Many Communities In Pennsylvania To Hold Celebrations

Pittsburgh—(AP)—Festive anniversary celebrations dotted western Pennsylvania yesterday as thousands of holiday-spirited citizens in four towns and a county swung into high gear with week-long rounds of fireworks, parades, musical reviews, carnivals and pageants.

A mammoth centennial celebration is underway in the lake city of Erie where the chief attraction is the centurama—a gigantic stage spectacle depicting outstanding events in the city's history. Erie County is marking its 150th birthday.

Donora and Farrell are celebrating golden jubilees. Men of Donora are sporting long beards and the women are decked out in sweeping calico dresses. The industrial community of

There is always something sad about an old, abandoned school house.

But how many, many times a bright shiny car whizzes by and some occupant exclaims to his companions, "There! See that old school? My first day of school was spent in that building!" There is something caressing about the way he says it, then for a few moments quiet contemplation settles over him, and he thinks back . . . back . . .

But the old building cannot hear the kindly words, and it continues to mould away through sun, through rain, and snow.

However, every now and then one of these old buildings has been transformed into a home, and an route back to Warren Wednesday afternoon, two Times-Mirror representatives sped past what is probably one of the finest examples of schoolhouse rehabilitation in all America.

Three miles toward Scandia from Warren, on Fifth avenue extension, is the beautiful, ivy-clad home of Miss Florence Ward. And in this same building, which is now her charming home, Miss Ward went to school. So did her brother, F. Ward, of St. Paul, Minn., who with Mrs. Ward, is spending the summer there.

But the Times-Mirror men did not know all this until, after one of them remarked that it probably had been a school, they backed the car in reverse for quite some distance and were cordially received by Miss Ward and Mr. and Mrs. Ward.

After this school was closed, it was bought from Glade township, in 1939, by the Wards' father, William D. Ward, former superintendent of Rouse Hospital and former Warren county commissioner. Built in 1897, it was known as the Snyder school. Mr. Ward lived there until his death in September, 1949.

The house is now covered by ivy; it has a huge fireplace with attractive outside chimney, and a substantial terrace, overlooking the grand hills of Warren county, disguises an adequate garage beneath. There are flowers galore, velvety lawns and a wonderful "at home" atmosphere, all of which Mr. Ward attributes to his sister.

And isn't it almost a cycle that right here, where Mr. Ward received his first education, he should have written a successful book? In a small building some distance from the house is his study—"where these women won't bother me" and therein he wrote "English for Communication" (The MacMillan Company, publishers), a text now used in universities and colleges.

Although they are city folk, the professor and his wife love the countryside. Mr. Ward is head of the Department of English at MacAllister College, St. Paul, Minn.

## Accident Record Among Utilities In State Brightening

Harrisburg—The over-all safety picture among Pennsylvania's public transportation and service utilities is brightening steadily, a Public Utility Commission accident compilation showed today.

The PUC's 1950 count of mishap reports from some 11,000 utility certificate holders disclosed a 1.76 per cent drop in accidents and a heartening 13 per cent reduction in fatalities as contrasted with 1949 accident experience.

All told, there were 7,494 accidents reported to the commission last year as against 7,628 in 1949 and 9,274 the preceding year.

A total of 279 accidental deaths occurred last year, a healthy drop of 43 from the 1949 toll. Contrasted with 1948's 471 fatalities, the utility safety record last year becomes all the more impressive.

A record 8,659 injuries last year also reflected a sharp drop of 292 (3.26 per cent) from the 1949 total. Significantly, the number hurt in 1950 represented a sweeping reduction of 2,355 from the 11,014 injuries recorded in 1948.

A detailed comparison of 1950 with the preceding 12 months showed a drop from 182 to 137 in railroad fatalities, and for fewer deaths as result of accidents reported by dwindling trolley utilities.

Despite ever-present traffic hazards, the motor transportation utilities (buses, trucks and taxis) reported only four more fatalities for last year than the 47 tallied in 1949. Last year's 51 deaths,

however, were still 18 fewer than the 69 recorded three years ago. Gas utility deaths fell far from 15 to 3, but electric companies reported 36 fatalities last year as compared with 23 the preceding year.

Telephone and telegraph utilities reported no deaths for the second consecutive year. One fatality was recorded among water companies.

The PUC keeps a constant vigil in the interest of public safety, with its accident-prevention work spearheaded by a staff of field engineers and enforcement investigators.

So many Americans live in trailers today that more than 35,000 tons of steel went into trailer construction in 1950, according to "Steelways" magazine.

## Two Hens Vie For Top Egg Honors In State Contest

Harrisburg—With only eight weeks to go, the two highest producing hens in the 1950-51 Pennsylvania Official Egg Laying Contest are running neck-and-neck for top honors.

A New York hen laid 255 eggs in 10 months against 284 by a Pennsylvania entry. But the Keystone State bird produced slightly larger eggs and on July 31 was the top individual hen in the contest with a lead of 2.2 points. The State Department of Agriculture, sponsor for the 20th annual Pennsylvania contest, explained that one point is counted for each two-ounce egg, with fractional points added or deducted for eggs over or under that weight.

The race is so close that only six-tenths of a point separated the hen rivals at the end of nine months on June 30. The Pennsylvania leader is owned by the Graybill Poultry Farm, McAllisterville, Juniata county, one of the more important poultry counties in the State. She is a single comb White Leghorn with 308.30 points for her 284 eggs.

The New York bird in second place with 306.10 points is a Rhode Island Red entered by the Babcock Poultry Farm, Ithaca. She is in a pen of 13 birds that now leads all pens in the contest with 3,239 eggs and 3,379 points. A Graybill pen is in fifth place and an entry of Reders Poultry Farm, Shirleyville, Huntingdon county, is sixth. A pen from the Maple Lawn Hatchery, McAllisterville, is

eight. Other leading pens are from out of the State.

While all 1,287 birds that started in the Pennsylvania contest last October have produced more eggs than birds in the 1949-50 contest, their eggs are slightly smaller. For the first time in the current contest, the number of points earned has dropped below last year's level officials said.

### "Suffer Little Children to Come Unto Me"

There were brought to Jesus little children, that He should put His hands on them, and pray: and the disciples rebuked them. But Jesus said, "Suffer little children, and forbid them not, to come unto Me: for of such is the kingdom of Heaven." (Taken from St. Matthew 19, 13-14)

## Church Notes

### FIRST LUTHERAN CHURCH

Services Sunday morning in the First Lutheran Church will be at 8:30 and 11:00 o'clock. Pastor will preach on "Law and Gospel" at both services. The Sunday school will meet at 9:45.

A service will be conducted at 1:00 o'clock DST at the Lutheran Boys' Camp on the Grunder-Mile Road.

### GUEST PREACHER AT BETHEL LUTHERAN

The Rev. Byron V. Berry, pastor of the Cussewago charge in the Erie Conference and son of Charles Berry, Warren, will be the speaker at the 11 a. m. service Sunday in Bethel Evangelical United Brethren church. Bethel is the home church of the visitor and many will want to hear him speak, as a cordial invitation is extended to the public. Sunday school will be at 10 a. m., but no evening service is scheduled. Announcements for the week: Tuesday, 8:00, Brotherhood meeting; Wednesday, 7:30, prayer meeting; Thursday, Ladies Aid.

### LUTHERAN THEME

"Jesus and Our Money" will be the theme that the Rev. Hans Pearson will have on Sunday at Bethany Lutheran, at Sheffield, and at Moriah Lutheran, at Ludlow.

The Bethany Lutheran Young Women's Missionary Society will meet in the church Tuesday at 8:00 p. m. at the home of Mrs. Mike Zastawney, with co-hostesses, Mrs. Elwood McKown and Mrs. Everett Benson.

The Luther League of Moriah Lutheran will meet in the church at 8:00 p. m. Tuesday.

### LANDER METHODIST

At the eleven o'clock service Sunday at the Lander Methodist church, the Rev. Gustav Erickson will speak on the subject, "The Church, A Place of Safety and Joy". The church choir will furnish special music.

### FRIDAY AT 2:00 P. M.

Friday at 2:00 p. m. the Lander WSCS will meet with Mrs. Hazel Kays. It will be in the form of a lawn picnic, and a good program will be presented.

### DR. McCORMICK AT SALEM EVANGELICAL

Dr. A. B. McCormick will be the speaker at the 9:45 a. m. service Sunday morning at the Salem Evangelical United Brethren church. His sermon theme will be "The Groups About the Cross". Ruth Ackert, at the organ, will play "Heaven and Earth Are Praising Thee", "Chautauque" and "Be Thou My Stay". Soloist will be Henry C. Baldensperger singing, "The Stranger of Galilee".

### FIRST METHODIST CHURCH

"The Rhythm of Life" will be Dr. Arthur Colley's sermon topic at the 11:00 o'clock service of Sunday morning worship. The music, under the direction of Byron Swanson, will include Jack Haight, baritone, singing "How Lovely Are Thy Dwellings" (Liddle) and "The Holy City" (Adams) and J. Richard Pratt, Organist, playing two Bach numbers: "Dearest Jesus, We Are Here" and "Come, Holy Spirit". The church school will meet at 10:00 o'clock with the adults holding a united session in the church parlors.

### GRACE METHODIST

Dr. H. H. Barr will be the guest speaker at the eleven o'clock service at the Grace Methodist church Sunday morning. A mixed quartette will sing, "Just As I Am", by Meredith.

### THEME AT FIRST BAPTIST

At the eleven o'clock morning worship service at the First Baptist church, the Rev. Milton Perry will speak on the theme, "A Divided Allegiance". There will be special music, accompanied by Mrs. Carl Whipple, organist. Children may be left in the nursery during this service.

# Community Chest Publicity for August Centers on Salvation Army

## Building Program About To Be Launched Locally Is For Benefit of the Young People

Continuing the plan of the Warren Community Chest, Inc., to publicize one of its participating agencies each month, it is announced by Nat W. Drake, executive secretary and campaign director, that "The Salvation Army" is receiving this special educational publicity in August.

The Salvation Army was founded by William Booth in London, England, in 1865. For a while it was known as "The Christian Mission."

Mr. Booth had great compassion for those persons living in sin and misery, and it was through his desire to help them that he founded this organization.

Fifteen years later in 1880, the Salvation Army started its work in the United States, the first leader in this country being George Scott Ralston.

It was in 1891 that the first work of The Salvation Army started here in Warren and meetings were first held in tents and empty store rooms at various locations. In 1906, under the administration of Adjutant and Mrs. Fred Osmond, they erected the building at their present location, 218 Pennsylvania Ave. W.

The present international leader of the Salvation Army is General Albert O. Osborn, with international headquarters still in London. Each country has its National Com-

mander and is divided into Territories with a Territorial Commander. In the United States there are four territories, Pennsylvania being included in an eleven eastern state area with headquarters in New York City.

To train young people for officer-ship, a training college is maintained in each territory, the one for this area being located in the Bronx of New York. To enter these schools, young people must meet certain qualifications and also pass rigid physical examination. The emphasized subjects taught are Bible, Salvation Army Doctrine, and Public Speaking, but much other training is also given.

The Salvation Army is first of all, a religious organization, a branch of the Christian Church, with doctrines similar to those of any church, and its officers are ministers of the Gospel. Secondly, it is a charitable welfare organization. Their official printed organ is "The Salvation Army War Cry" which is published in many different languages and printed in all parts of the world. Most people are familiar with this publication because it is distributed house to house by Army members. Also the general public is acquainted with their "Open Air Services" held on street corners. They are not ashamed of their efforts to promote the Gospel of Christ and

The young people of The Salvation Army are not 'ashamed of the Gospel of Christ,' but are happy to be able to go out to the street corner as a living witness. The boys and girls in the above picture are found often in the Open Air giving their personal testimonies and singing for the Glory of God. They not only prove a blessing in the Open Air services, but also in the indoor meetings.

prove it by their personal testimony, hand music, and singing for the glory of God, in public places.

They pass out confections and other items to our local boys as they leave for U. S. Army or Naval service, and set up canteens in transient points, near training camps and in battle areas for the benefit of men and women serving in our armed forces.

All are welcome at The Salvation Army and they are especially interested in the young people here in Warren. Their new local build-

ing program is mostly for the benefit of the young people.

The Salvation Army believes—Train a child in the way that is right, and when he is older he will not depart from it. Classes and programs, however, are maintained for all ages.

In charge of the local Citadel are Major and Mrs. Charles Schaffer who have been here since 1946. They have done a very good job locally and are untiring in their efforts not only to preach Salvation Army Doctrine, but also to

engage in extensive civic welfare work generally.

Their present assistant is Lieutenant Jane States, who came to Warren in January of this year.

Warren Community Chest officials feel fully justified in including The Salvation Army as one of the participating agencies of the Chest and encourage the general public to become better acquainted with Major Schaffer and the fine work being done by his organization.

Speaking engagements for this month have been arranged with some of the Service Clubs, and next Monday August 20th, Lieutenant States will talk before the Warren Rotary Club. Major Schaffer will talk before the Warren Lions Club on Tuesday, August 28th, and Warren Kiwanis Club on Wednesday, August 29th.

## Memorial to Men Who Tried to Kill Hitler Is Planned

Berlin—(AP)—The men who tried to kill Hitler in 1944 and failed with their bomb plot have earned the rank of martyrs. The West Berlin city government has decided to immortalize them.

Artists have been invited to submit sketches for a memorial to be erected inside grim Ploetzensee prison, where the Anti-Nazi plotters were tortured and executed after drumhead trial.

Ploetzensee is now a prison for ordinary criminals. In Hitler's time it was used for political enemies of the Third Reich. Men who entered there seldom left alive.

Names of plotters are to be inscribed on its base.

The place of honor will go to the four top men of the movement which reached its climax July 20, 1944, in the bomb attempt on Hitler's life at his eastern military headquarters in Rastenburg. They are Col. Gen. Ludwig Beck, a suicide after the plot failed; Field Marshal Erwin von Witzleben, tried and hanged; Count Claus von Stauffenberg, the man who planted the bomb, who was shot the same day he was caught, and Karl Goerdeler, former mayor of Leipzig, hanged later in prison.

Scores of lesser personalities were beheaded or hanged in Ploetzensee, and the bodies destroyed or buried in nameless graves.

Other top men in the plot were Col. Gen. Fritz Oster and Adm. Wilhelm Canaris, head of the secret service, who were held in Flossenbürg concentration camp until mid-spring 1945, when they were hanged.

Himmler's Gestapo is believed to have slain hundreds of suspects in the roundup that followed the bomb explosion.

Two West Germans who played opposite roles in the plot now hold prominent positions. Dr. Josef Mueller, minister of justice in Bavaria, was jailed in Berlin for complicity because of his close ties with Canaris. He occupied the cell between Canaris and Oster at Flossenbürg, but was liberated by American troops in 1945.

The other is former Maj. Gen. Ernst Otto Remer, credited with marshalling the police action which prevented the putsch leaders from taking over Berlin. Remer is leader of the Socialist Reichspartei, which imitates the Nazis and has grown to threatening proportions.

## Result of Interesting Survey of Cost Per Pupil in Boro Schools Announced

In a survey just completed by Dr. Carl E. Whipple, superintendent of Warren Borough schools, it is revealed that the annual expenditure per pupil in Warren schools is \$30.22 less than the average expenditure per pupil in 82 cities between the population of 10,000 and 30,000.

In Warren, the total annual expenditure per pupil, for 1949-50, was \$176.43 against an expenditure of \$206.65 per pupil in the 82 cities of comparable size.

Dr. Whipple points out that it is interesting to note there has been an increase per student of 172.3 per cent in these certain cities since 10 years ago. The cost per student in 1940-50 was \$87.32.

In but three of the six major accounts into which Dr. Whipple's analysis is divided is the Warren expenditure as great as that in the 82 cities graphed. In Warren, which is famed for the high type of its teachers, 76.7 per cent of the total, or \$135.30, is expended for instruction against 74.4 per cent, or \$153.81, in the 82 cities of comparable size. In administration, Warren's expenditure is 5.5 per cent, or \$9.62, and that of the other cities is 3.4, or \$6.96. The other major account in which Warren is higher is fixed charges with 3.1 per cent, or \$5.50, against 2.9 per cent, or \$6.09.

There is an appreciable difference between the cost of operating Warren's physical plant and that of plant operation in the 82 cities tabulated. Warren spends 9.8 per cent of the total, or \$17.24, against 11 per cent, or \$22.68.

## Warrant Issued For Columbus Woman In Forgery Charge

Corry Journal: A warrant was issued Wednesday for the arrest of a Columbus woman charged with larceny and forgery.

Being sought by authorities is Mrs. Agnes Upperman of Columbus.

On the complaint of Miss Roberta Emory of Clymer, Mrs. Upperman is charged with the larceny of \$37 and the forgery of her name (Miss Emory's) on a \$43.50 check.

Wednesday afternoon Miss Emory appeared at the Corry police station to report the theft of the check plus \$14 in cash from her purse last Tuesday.

The complainant told police she delayed making the report until the stolen check turned up at the North East bank after having been cashed at the Bloss drug store in Union City. Miss Emory related that the check was for her salary received for work at the Welch Grape Juice company at North East.

When queried, Bloss gave local police the description of the woman who cashed the check. It coincided, police stated, with that of M.C. Upperman who had previously been named as a suspect.

Miss Emory told officers she and Mrs. Upperman along with several others attended a picnic at Mead Park last Tuesday and it was then that the purse turned up missing.

## YES, AGAIN

total, or \$4.11, against 5.2 per cent, or \$10.67. In auxiliary school services, Warren's expenditure is 2.6 per cent, or \$4.66, against 3.1 per cent, or \$6.44.

Dr. Whipple's report is complete in every department. He has broken down the cost per pupil in every instance, even showing just what it costs per pupil for water and light, text books, libraries, clerical work, etc.

This is a difference of \$5.44 per pupil, and in the maintenance of the physical plant there is a difference of \$6.56 per pupil as Warren spends only 2.3 per cent of the

**JACOBY ON BRIDGE**

AUSSIE BRIDGE BIDS NEED SMART HEADS

By OSWALD JACOBY

Written for NEA Service

Australian bridge players take part each year in a tournament that consists of pre-arranged hands. This year the Australian Bridge Council is planning to let American and European players enter their tournament.

The general idea of the contest may be seen from the hand shown today. North and South get a certain amount of credit for bidding three no-trump on their cards. The normal bidding is shown with the hand, but any style of bidding will earn the credit as long as the final contract is three no-trump, played by either North or South.

Once the bidding has ended, the players are instructed to forget about the actual bidding. South is to play the hand at three no-trump, and West is directed to lead the nine of hearts. This sort of instruction is necessary to prevent somebody from playing the hand at two diamonds or some equally weird contract.

Once the opening lead has been made, everybody is on his own. It's up to South to try to make his contract; and it's up to the defenders to try to beat him.

The defenders earn their credit in this hand by defeating the contract.

THE MARKETS

New York, Aug. 17 (AP)—Prices drifted into a mixed pattern today in the stock market after opening higher in fairly active trading. Gains and losses among active leaders spread out over a dollar range either way. American Telephone opened on a block of 2,000 shares up 1/4 at 162 1/2, equal to the 1951 high established yesterday, and within a short time it moved up to another new 1951 high. Radio Corp., yesterday's most active issue, was fairly active today at a new price for the year. The market was advanced in the past two sessions and again is around the highest levels of the year.

New York, Aug. 17—(P)—Nooon stocks. Volume, 750,000 shares.

Bank Looter Seeks \$50,000 Bail Bond

(From Page One)

hearing to give the 40-year-old bonker, father of two, opportunity to post bail. Schiek was ordered held for court yesterday.

Meanwhile, residents of this aluminum producing capital still expressed shock and bewilderment over the swift turn of events which put one of the town's most respected citizens behind bars.

Federal banking investigators said Schiek has admitted taking the \$600,000 over a 16-year period. Edward C. Teft, chief of the liquidation division of the Federal Deposit Insurance Corporation, indicated the money was eaten up by bad investments.

Times Topics

**FRATERNITY DANCE**

Young people of Warren and vicinity are reminded of the dance being held in the Youth Canteen Saturday night by the Phalanx Fraternity. Deane Swanson and his orchestra will furnish the music, with dancing from 8:30 to 11:30.

**BUSINESS INDEX**

Pittsburgh district business last week hit the best level of the past two months, the University of Pittsburgh reports. The University's business index shows a rise from 192.7 per cent of the 1935-39 average in the week ended Aug. 4 to 197.5 last week. It was 182.3 at mid-July and 191.4 in the middle of June.

**ECLIPSE OF THE SUN**

The sun will be eclipsed before it even has a chance to shine on Saturday, September 1. A large portion of the disc will be obscured at 6:47 a. m. while the maximum phase will come at 7:01 when 88 per cent of the sun will be hidden by the moon. The eclipse will be visible clearly in the area east of the Mississippi river.

**FIREMEN'S RELIEF PICNIC**

The annual picnic of the Firemen's Relief Association will be held August 26, at the Complanter Rod and Gun Club. The program starts at one o'clock with cold lunch during the afternoon and a baked ham dinner prepared by the South Side Market being served at six o'clock.

**CHAS. SMITH HONORED**

The Times-Mirror regrets that in mentioning the name of the newly elected president of the Hamilton Watch Co., Lancaster, it named Clarence Smith instead of Charles Smith as the new executive. Charles Smith is a nephew of Miss Fannie M. Smith, a charter member of the board of Warren General Hospital, and now a guest at Watson Memorial Home.

**PRIMARY ELECTION LAW**

Legislation changing Pennsylvania's municipal primary date in odd years from July to May moved today toward a vote in the House. The bill was approved by a House committee yesterday. It will go to the floor for voting action when the legislature resumes sessions Monday. It would change the primary date in odd years from the fourth Tuesday in July to the third Tuesday in May.

**POLICE WEEK REDUCED**

Corry County: Corry police will work only five days a week and not six, if a measure passed by both the House and Senate at Harrisburg is enacted into law by the governor. That will mean the city will have to put more officers on the force, if present duties are maintained. The Senate yesterday unanimously passed a bill reducing the maximum work week of policemen in Pennsylvania's third class cities to 40 hours except in cases of emergencies. The Associated Press reported the measure was sent back to the House, where it had previously been passed, for agreement on an amendment changing the wording of the title. Then it will go to the governor for action. If Governor Fine signs the bill into law it will take effect January 1, 1952.

**MORE ABOUT STORM**

The Wednesday night storm which skirted Titusville struck northern Crawford county and the Corry district with sudden fury. Electrical service was disrupted and about a dozen roads were blocked with limbs and fallen trees. Strong gusts of wind howled over four trees in a row on the Spartansburg-Corry highway. Current was off for several hours in parts of Warren and Erie counties, including Youngville and Pittsfield. Utility poles in Union City were shattered by falling trees and electric service was disrupted. The full force of the violent electrical storm hit Corry between 9:11 and 9:50 p. m. The rainfall in the three-hour period during the storm and following it was 1.08 inches. Many towns around Chautauqua Lake were darkened when lines were downed.

**NEW HOSPITAL HEAD**

Mrs. Laura J. Johnson, of Kane, affiliated with the Community Hospital for more than a score of years and prominently identified with nurse activities through this region, has assumed new duties as superintendent of the hospital where she has served as supervisor and director of nurses for several years. Mrs. Johnson's appointment by the Community Hospital Board marks return of that institution to the superintendent plan of operation after three years trial of hospital administrator operation. She succeeds Harris B. Jones who recently resigned to accept a hospital administrator post at Frankfort, Ky. The new superintendent came here to begin her nursing career in 1930—a year after the Community Hospital opened. Since that time, she has been at the Community Hospital excepting for three years during World War II when she was at the Kane Summit Hospital.

**MOOSE MEMBERS**

See the College All-stars vs. Cleve. Browns football game at the club Friday night, Aug. 18th, on television.

Sports Card Lists Numerous Games For the Weekend

Although scholastic football is crowding into the sports picture, there's still plenty of baseball in the district over the weekend for followers of the diamond sport.

Warren Merchants have two games on tap. They will meet Sherman, N. Y., in a Penn-York League game at the State Hospital field Saturday afternoon at 2:30 o'clock. On Sunday afternoon at the same time, the Merchants will tangle with Titusville at the Titusville field.

The Ludlow Wildcats will play their customary Sunday afternoon game at Wildcat Park, with the Oshkosh Indiana traveling team furnishing the opposition. Game time is 3 p. m.

On Saturday night at 8 o'clock at Jackson field, the Western Auto and Waxman Furniture teams will meet in the second game of a best-of-three series for the Hot Stove Intermediate League championship. Western Auto won the first game, 2-1.

First game in the best-of-three series between the Times-Mirror and Sons of Italy nines for the Hot Stove Midget League championship is scheduled for Monday evening at 6 o'clock at Lacy field.

Two postponed Sunset Baseball League tilts also have been rescheduled as follows: Hammond Iron vs. Sons of Italy, Monday, August 20, 6 p. m., State Hospital field.

Hammond Iron vs. Flouidin Co., Wednesday, August 20, 6 p. m., State Hospital field.

Crazed Suitor Kills Girl, Her Mother and Takes Own Life

(From Page One)

a quiet family gathering. He fled the house after setting it afire but returned to the scene a short time later only to turn his gun on himself as police closed in. Firemen put the blaze out. Damage was slight.

Lakewood, famed pine belt resort, is about 60 miles from Vineland and Camden, scenes of New Jersey's last most publicized multiple killings.

Police were able to piece together the events leading to the slayings after talking to 30-year-old Nadine Sarakaw who was in the house at the time.

Officer Harry Justus quoted her as saying "I was spared her life so she could be a witness" to the shootings.

At the Hospital

Admitted Thursday  
Leo Rossey, 415 Chestnut  
Mrs. Vera Smith, Clarendon.  
Ivan E. Jury, 405 Fourth avenue.  
Mrs. Josephine Pace, 114 Central avenue.  
Mrs. Genevieve Dowling, 215 North Martin street, Titusville.  
Sandra Albaugh, Tionesta.  
Raymond Van Guilder, Garland.

Discharged Thursday  
Harry Landahl, Kinzua.  
John Rogers, Pittsfield.  
Mrs. Marjorie Scheerer, Schnefeld, N. Y.  
Mrs. Joyce Hansen, 111 Frank street.

Mrs. Ruth Gibson, 1209 1/2 Pennsylvania avenue, east.  
Mary Tennes, Kinzua.  
Almer Long, Rogertown.  
Mrs. Emily Rhodes, Sugar Grove.  
Mrs. Gladys Smith, Corydon.

Birth Record

Maternity  
Mr. and Mrs. Garvin Madigan, 129 Conewango avenue, a daughter, born Thursday.  
Mr. and Mrs. Wilbur Walton, Pittsfield, a son, born Thursday.  
Mr. and Mrs. Metro Fedorchuk, Youngville, a daughter, born Thursday.  
Mr. and Mrs. Ronald Dalrymple, 115 Dartmouth street, a son, born this morning.

At Bremerton, Wash.  
Lieut. Cdr. and Mrs. S. E. Edelman, Jr., are parents of a son, born Wednesday in the U. S. Naval Hospital, Bremerton, Wash. Mrs. Edelman is the former Jean Nelson, of Warren, daughter of Mr. and Mrs. Harry P. Nelson, 603 Pennsylvania avenue, east.

PERSONAL ITEMS

Dr. and Mrs. L. W. Krespan and daughter, Elm street, will spend the weekend in Johnstown.

Mrs. Marvin Samuelson, of Duluth, Minn., is spending a few weeks with her mother, Mrs. C. O. Swanson, 108 Center street.

Mr. and Mrs. Donald Christie, formerly of Warren, have concluded a visit with their daughter, Mrs. Anna Farr, 605 Pennsylvania avenue, east, and have returned to their home at Silver Springs, Md.

Mr. and Mrs. LaMont Culbertson, 219 Oneida avenue, left this morning for Chicago to visit their son, David, who is taking his "boot" training at the Great Lakes Naval Station. Mr. and Mrs. Culbertson were accompanied by their daughter, Corine.

OBITUARIES

**MRS. F. W. M. PRESSEL**

Services in the memory of M. Louise (Zulick) Pressel, well known Warren woman and wife of Penrose W. M. Pressel, former superintendent of Warren Borough schools, were conducted this afternoon by her pastor, the Rev. Edward K. Rogers of the First Lutheran church.

Friends of Mrs. Pressel were received by the family at the Lutz-Vermylyea Funeral Home, last evening. The floral tributes were a silent benediction to the deceased and were of such beauty and number that passage through the Home was like walking through a garden. The services were conducted from the funeral home.

Mrs. Pressel was carried to her last resting place by her son-in-law, Duane W. Murray, and by five close family friends, J. B. Leiding, E. T. Johnson, Milton L. Danielson, Louis G. Bosin, and O. J. Groves. The prayer service and commitment in Oakland cemetery was conducted privately.

Among those who came from away were: Dr. J. Donald Zulick, of Jenkintown, Pa.; Miss Sibylla Haeseler, Mr. and Mrs. John Haeseler, Mr. and Mrs. John Zulick, of Orvigsburg, Pa.; Mrs. Paul Seitz, Atlantic City, N. J.; Mr. and Mrs. Lewis B. Custer, Mt. Vernon, N. Y.; Mr. and Mrs. H. D. Murray, Grove City, Pa.; Mr. and Mrs. D. W. Murray, Louise, and Douglas Murray, Meadville, Pa.; Mr. and Mrs. Thomas Z. Pressel, Landsdale, Pa.

Mrs. Pressel passed away, Tuesday evening, in Warren General Hospital following a last illness of but a few days.

**MRS. JANE T. MCCURDY**

Mrs. Jane T. McCurdy, widow of James A. McCurdy and former Kane resident, succumbed yesterday at her home at Olean, N. Y., following a long illness.

Mr. and Mrs. McCurdy moved from Kane to Olean a number of years ago where the former was retired from employment of the Northern Pipeline Company. He preceded her in death 15 years ago.

Funeral rites will be held from the residence Saturday morning at 7:30 followed by a requiem high mass from St. Mary's of the Angels church at 8 a. m. Burial will take place in St. Callistus cemetery in Kane.

Survivors include three sons, J. Daniel McCurdy and Joseph S. McCurdy, Olean, and J. Francis McCurdy, Buffalo, N. Y.; three daughters, Miss Doris McCurdy, Olean; Mrs. Frederick W. Widener, Buffalo, and Mrs. W. H. Peterson, Bradford; two brothers, John J. Kelly, Sheffield, and Edward J. Kelly, Jamestown, N. Y.; two sisters, Mrs. William J. Bentley, Buffalo, and Mrs. Guy Thompson, Mercer, and six grandchildren.

**MRS. WARREN MORRIS**

Mrs. Queens Morris, wife of Warren Morris of Trimm's Corners in Eldred township, died at the Titusville Hospital at 4:45 a. m. yesterday. She had been admitted Saturday.

Mrs. Morris was born in Rome township and lived in the vicinity all of her life. She had been ill since June of this year.

In addition to her husband she leaves ten children: Mrs. Leigh Smith of Torpedo, Mrs. H. E. Angley of Grand Valley, Mrs. James Pratt of Starbuck, Warlo Morris of Columbus, Krendall Morris and Mrs. Harry Kershaw of Warren, Edwin Morris of Titusville, Victor and Raymond Morris of Spartansburg and Mrs. Clarence Carter of

Three Killed in Flaming Crash at Philadelphia Park

Philadelphia, Aug. 17 (AP)—Three persons were killed last night in a flaming, head-on collision on a tree-lined Fairmount Park river drive.

One car ignited like a huge torch, trapping a 40-year-old woman and her three-year-old son inside. Both were burned beyond recognition. The husband and father was thrown clear of the car by the force of the impact. He died instantly.

The driver of the other car, which had been reported to police as stolen a few hours earlier, staggered from the scene bleeding from a head wound. Two hours later police arrested a slightly injured man and woman and identified the man as the driver of the car.

Killed in the crash were John J. Rynock 42; his wife Edna, 40, and their only child, Jackie, three.

So intense was the blaze inside the Lynock auto that the tree into which it caromed after the collision caught fire, casting an eerie light upon the gruesome scene.

Hundreds of motorists, caught in the traffic jam that followed the crash, watched helplessly as Mrs. Rynock struggled vainly to save her small son from the fiercely burning, gasoline-fed flames.

But the heat of the fire drove back would-be rescuers in their repeated attempts to reach the mother and child.

The driver of the car was identified by police as Jesse Waddell, 26. He and a companion who fled the scene with him, Rosalee Snelling, were held on open charges pending a hearing. The girl suffered burns of the arm.

Police said the car Waddell drove was reported stolen by Waddell's brother, James, several hours before the crash.

Indians 'Adoption' Features Firemen's Affair at Corydon

Over 25 units are expected to be in parade formation at Corydon this evening to take part in the annual "Old Home Week" celebration being sponsored by the Corydon Volunteer Firemen's Association.

Roy S. Adams, chief of the Corydon Fire Department, is general chairman of the week's activities, which have brought many former residents back home for a visit.

Besides a fireworks display which is set for Saturday evening, the annual "adoption" ceremony of the Complanter Indian tribe will take place with the tribe's chief, Ezra Jacobs, in charge. The Indians will be in colorful attire and those present will hear tribal chants and songs during one of the few times any tribe opens its gates to the white man.

Guard Killer Captured On a Street Car

(From Page One)

a jail offense was demoted.

Some neat police work brought about Williams' capture. Last night Williams rang the doorbell of Mrs. Addie Hearn, 44, a distant relative by marriage, at 11551 Church street, on the far south side. Mrs. Hearn saw him through window and telephoned police. Williams continued ringing until he heard the sirens of an approaching police car. Then he fled.

Police Sgt. Vincent Cunningham of the homicide detail and his squad of three officers followed up this report. They figured that the nearest spot where Williams could board a street car was 115th and Morgan streets.

They rushed to 95th and State streets, where all north-bound street cars on that line must stop. They parked and waited. Williams was on the third car that passed the corner.

**WILL RECEIVE BIDS**

It was announced today in Harrisburg that the State Highways Department has fixed August 31 to receive bids for the construction of an eye-beam bridge over Caldwell Creek and the surfacing of 36th of a mile of Route 61004 in Southwest township.

**LOW BID ON ROUTE 66**

An unofficial low bid for widening 5.07 miles of highway on Route 66 in Conewango and Farmington townships and construction of three eye-beam bridges over Jackson Run was announced today in Harrisburg by the State Highways Department. Allegheny Asphalt and Paving Co., Inc., Pittsburgh, was low bidder at \$511,335.

California's 1951 cotton crop is more than double its 1950 acreage.

FRONT OR BACK—IT'S 19—Bob Feller, Cleveland Indians' pitcher, poses with his shirt on backwards to show his number of victories to date just after beating the Detroit Tigers in a night game at Cleveland Municipal Stadium 2 to 1. Feller's 19th win—high for the majors this season—stands against only four losses for the Tribe's ace right-hander who may lead the Indians to the 1951 pennant.

FINE WILL REVIEW NAT'L GUARD TROOPS

Harrisburg, Aug. 17—(AP)—Gov. John S. Fine will review Pennsylvania National Guard troops at two summer encampments on Sunday.

Fine will inspect some 4,000 non-divisional troops at the nearby Indiantown Gap military reservation Sunday morning.

In the afternoon he will fly to Reading for a full-scale review of the Pennsylvania Air National Guard units, now midway through their two weeks of summer field training.

The non-divisional troops move into Indiantown Gap tomorrow for their annual two weeks' encampment. The governor's appearance Sunday will feature the traditional "Governor's Day" ceremony.

Woman Sets Record For Channel Swim

Dover, Eng., Aug. 17—(AP)—An Egyptian army officer and a British ballroom dancing queen took top honors in yesterday's mass swimming assault on the treacherous English Channel.

Hasan Hamad, 34-year-old army officer from Cairo, won the London Daily Mail's cross-channel race from Cape Gris Nez, France, to Britain's cliffs of Dover in a photo finish over Frenchman Roger Le Morvan. 27. Hamad's winning time was 12 hours and 12 minutes.

Brenda Fisher of Britain was the first woman to touch shore, and apparently she set a new women's record of 12 hours 43 minutes for the crossing. This tops the record established last year by Florence Chadwick of San Diego, Calif., who made it in 13 hours 23 minutes. Miss Fisher's time, however, is subject to a re-check by the judges today.

Hamad and Miss Fisher both get a \$1,000 (\$2,500) first prize. Le Morvan crawled ashore only one minute behind Hamad at a point five miles away.

Of the 20 who started, 18 finished the grueling race.

WEEDS AND LOITERERS

When Borough Police investigated on Thursday a complaint from Connecticut avenue about a lot being badly overgrown with weeds, they found the owner had just completed a removal job. Police were asked to give the "move on" sign to obnoxious hangers-on in the vicinity of Liberty street and Pennsylvania avenue, Thursday, and did as requested. So did the loiterers.

CLARENDON ACCIDENT

Pennsylvania State Police investigated an accident which occurred in Clarendon, Thursday, when a car driven by Edwin Zerbe of Clarendon, was struck by another driven by Homer Reffner of Roaring Springs, Pa. Mr. Zerbe pulled to the side and stopped, waiting for two cars to pass before making a left turn, but failed to see the Reffner car in time to avoid being hit.

WILL JUDGE EXHIBITS

Mrs. Irma Kline of Emporium, home economics extension representative for Cameron county, will judge the girls' exhibits at their 4-H Club round-up at Island Park, Youngville, next Thursday, August 23.

Dinner Meeting Is Held by District Livestock Officials

The Northwestern Pennsylvania Livestock Association directors held a dinner meeting in the Warren Blue & White Restaurant and their business meeting in the small court room, Thursday evening. Fifteen directors were present from Crawford, Erie, Forest and Warren counties.

Plans for the Livestock Show and Auction to be held on the Crawford county fair grounds, Meadville, October 22, 23 and 24th, were discussed. Various committee reports were made. Miss Elvada Fagley, county home economics supervisor, reported on the rules and regulations to govern the selection of the 1951-52 Livestock Queen. Three hundred steers will be shown and judged Tuesday, October 23rd, and the auction will follow on Wednesday, October 24th, in the Crawford county fair grounds livestock building.

The Future Farmers of Sugar Grove-Farmington school have 17 steers that will be entered in the show and auction. Last year, one of these boys showed the Reserve Champion of the show.

A report was given by Dave Crum, county adviser, Crawford county, on the plan for purchase of over 300 steers for next year. T. R. Sponsler, president of the association, reports that this was the first time directors of the association have met in Warren.

Cold Winter Hard On Bee Colonies

Harrisburg—Early predictions of heavy loss of bees last winter in Pennsylvania held true when a Federal State survey, announced by the State Department of Agriculture showed that one-fourth of all colonies failed to withstand the cold winter and late, cool spring.

Starvation and winter-kills accounted for most of the bee loss, the survey revealed. Spring weather was cold and wet and colonies generally were too weak to gather much honey from early plants and fruit bloom. The buildup was slow in most localities.

After the arrival of real spring weather the supply of nectar was good, fruit bloom was heavy, locust and dandelion so good that in some sections of the southeast and west considerable surplus honey was made. The Department reported, Clover bloom was especially good. When rains delayed cutting for hay the bees made large quantities of honey.

To offset the heavy winter loss of bees, Pennsylvania beekeepers increased the number of colonies remaining by 20 per cent, making a total of 180,000 colonies now in the State compared with 194,000 a year previous. Condition of colonies in July 1 this year was reported 86 per cent, the same as a year previous.

Pressing Case

To the Editor:  
This one comes from The Leader by way of the "Today's Chuckle" department of the May 8, 1951, issue of the Chicago Daily News.

"I'm glad to hear Bill's fine now. What did they operate on him for?"

"They removed a brass nail that had been pressing against his foot for years."

If it worked so well for Bill, why wouldn't it do the same for Sam—Uncle Sam, that is? I understand that is what the Prohibitionists want to get done to this country. Why don't all you church-going Republicans and Democrats line up with them and get this operation performed? After all, it seems to me that, with one foot on the brass rail and the other on the accelerator, Uncle Sam is fast heading for the hospital anyway. Why not operate on him before he lands in the emergency ward—or the morgue?

## Another Decline Is Registered by the Assistance Rolls

Pennsylvania's public assistance rolls registered their fourteenth consecutive semi-monthly decline during the last half of July, according to figures released today by the Department of Public Assistance. The decline amounted to 2,531 persons and was the net result of decreases of 422 persons in General Assistance, 261 in Old-Age Assistance, and 1,970 in Aid to Dependent Children, and increases of 83 persons in Aid to the Disabled, and 28 in Blind Pensions.

The expansion of industry to meet defense needs and the efforts of the Department to have every employable person become self-supporting through private employment have resulted in an average monthly decrease of 8,345 recipients during the first seven months of 1951. The assistance rolls are at the lowest point since November, 1946.

At the end of July there were 275,942 persons on the assistance rolls, made up as follows: Old-Age Assistance—82,062; Aid to Dependent Children—136,801; General Assistance—26,104; Aid to the Disabled—15,636; and Blind Pensions—15,339.

## Fewer Cases of Polio Are Reported

Harrisburg—(P)—The State Health Department reported today there are 28 per cent fewer cases of polio so far this year than at the same time in 1950.

The department said a total of 159 cases have been reported to date compared with 208 for the same period last year.

The largest number of cases—33—have been reported in Dauphin county. Thirty-two counties have no cases reported to date.

Here is a breakdown of the cases reported to the Health Department to date by counties:

Adams, one; Allegheny, 18; Armstrong, one; Beaver, two; Blair, 5; Bucks, four; Cambria, eight; Carbon, one; Clarion, one; Crawford, four; Cumberland, 5; Dauphin, 33; Delaware, five; Erie, two; Fayette, 19; Fulton, one; Indiana, two; Jefferson, one; Lancaster, five; Lebanon, one; Lawrence, three; Luzerne, seven; Mercer, three; Mifflin, two; Montgomery, one; Northampton, four; Northumberland, two; Philadelphia, seven; Potter, one; Schuylkill, two; Sullivan, two; Venango, one; Washington, three; York, one.

Counties not reporting any cases to date:

Bedford, Berks, Bradford, Butler, Cameron, Centre, Chester, Clearfield, Clinton, Columbia, Elk, Forest, Franklin, Greene, Huntingdon, Juniata, Lackawanna, Lehigh, Lycoming, McKean, Monroe, Montour, Perry, Pike, Snyder, Somerset, Susquehanna, Tioga, Union, Warren, Wayne, Westmoreland, and Wyoming.

## YOUR FORESTER

L. E. Mote

Conservation often suffers when overzealous spokesmen for better watershed management make the rash statement, of inference, that properly forested watersheds will prevent all floods. Such misleading claims furnish ammunition for another school of thought that advocates downstream improvements such as huge flood control dams as the only solution to the problem of flood control. They will cite specific cases, in historic times, of occasional disastrous floods which occurred when the bulk of the continent, other than the Great Plains, prairies and desert regions, was clothed with virgin forests. No mention, though, is made of the many other floods, of minor magnitude, that this mantle of undisturbed forest tempered in violence by holding back enough of the run-off, and most of the soil, to avert disaster downstream. Of the original 800,000,000 acres of forests in the United States less than 500,000,000 acres remain as forest land, and much of it has suffered so greatly from fire, overgrazing and the axe that its watershed value has been drastically reduced.

When continual rainfall, day after day without let-up, falls upon a forested watershed in undisturbed condition the pounding effect of the raindrop is first broken by the leaves and twigs, then the water seeps slowly through the organic litter, which forms a protective mantle over the base soil, then through the tubular channels formed in the porous soil by the decayed roots of dead plants. Percolation of water seeping into the soil is further aided by the millions of little tubular openings created by tiny burrowing organisms living in the soil.

Finally the soil reaches a point of saturation. Neither the soil nor the layer of litter on top can absorb any more water, and if the heavy rain continues the excess runs off into the brooks and rivers and flood crests are finally reached. Thus, a bad flood can occur even though the watershed is in optimum condition if it rains long enough and hard enough.

Contrast this though, with what happens when a rainfall of equal, or less, magnitude falls upon a watershed that has been badly abused by overgrazing, fire and overcutting. The scant vegetation

## Onoville-Corydon Highway Is Scene Of Fatal Accident

Devere W. Johnson, 25, of Main street, Falconer, died of injuries received when a light truck in which he was a passenger struck a tree on the Onoville-Corydon road about 8:30 last night.

The young man was pronounced dead on arrival at Salamanca District Hospital where he and the driver, Gerald J. Grenier, of East Randolph, were taken in the Myers Funeral Home ambulance of Randolph. Coroner George A. Middleton, of Little Valley, last night said he would issue a certificate of accidental death.

Cattaraugus county Sheriff's Deputies Herbert Bennett and Archie Hatch said a pickup truck owned by the Randolph Seed Company was proceeding south toward Corydon when it suddenly left the highway, careened 100 feet along the right hand shoulder, then crossed the road and traveled another 100 feet before hitting a large tree 12 feet away from the shoulder. The vehicle spun around and both men were thrown through the door on the left side. The truck was demolished.

Johnson's injuries were not immediately determined. Members of the ambulance crew said he died on the way to the hospital. Grenier was reported in fair condition, suffering from cuts and bruises, leg injury and shock.

Coroner Middleton ordered Johnson's body taken to the Myers Funeral Home.

The victim was a member of Henry Mosher Post, American Legion, of Falconer, and Falconer Rod and Gun Club.

The Lutz-VerMilyea ambulance was also summoned from this city, and arrived about the time the Randolph vehicle reached the scene.

affords little interception to the beating raindrops and they strike the hardpacked soil with an impact that gouges tiny particles of soil loose, and plugs up many of the soil openings that are still left in the soil. The protective mat of litter has been destroyed by fire and it is no longer possible for many of the tiny organisms, which provide minute "pipes" for water to penetrate into the soil, to exist. The pores of the soil have been clogged by too much compaction by the hoofs of grazing animals, and the water that should have gone into the soil runs off at once carrying soil with it to add to the burden of the flood victims, and to clog the reservoirs downstream.

Proper watershed management in America, today, involves treating the entire watershed from the head to the mouth, and not by concentrating on downstream improvements alone and ignoring watershed conditions at the headwaters. It means intelligent cooperation between the engineer, the soil scientist and the forester. There is a place for flood reservoirs, but equally, if not more, important is the need for maintaining the best possible watershed conditions from the headwaters to the sea. If water can be kept where it falls for gradual release there will be neither floods or erosion.

AND THE CAISSONS GO ROLLING ALONG...—Graphic evidence that the Korean war goes on, despite weeks of truce negotiations, is found at this UN salvage point, where tens of thousands of empty shell casings are collected to be reshaped and reissued to the artillery. Korean youngsters are helping GI's load the valuable casings onto a truck. The mountain of brass was piled up during a recent salvage drive by the Tenth Corps. (U. S. Army photo from NEA-Acme.)

## FARM NEWS

**Feed Sows Well**—If fall litters are to be strong and well developed, brood sows must be fed well during the last two months before farrowing, states L. C. Madison, extension livestock specialist of the Pennsylvania State College. He suggests some grain and animal protein to permit a half to three-quarters pound gain a day. Ample shade and fresh water also are "musts" for all swine during hot weather.

**More 4-H Dairy Calves**—Entries in the five district 4-H dairy calf shows to be held at as many different points in the state late this month and in September may exceed 400 and set an all-time record. Because of the uniformly

high quality of these animals, competition for the ribbon prizes is expected to be particularly close.

**Late Blight Spreads**—Wet weather and cool nights contribute to the spread of late blight on tomatoes. County agricultural agents can supply full information on blight control measures.

**Provide Poultry Range**—Poultry extension specialists of the Pennsylvania State College say that an acre of good range will carry 500 to 600 pullets up to 22 weeks of age. From 100 to 200 turkey poulters can be carried on a like area until they attain considerable size.

**Protect Livestock**—Pastures in-  
fested with water hemlock and poison hemlock, both poisonous weeds, should be fenced off to protect livestock, warns George H. Berggren, extension agronomist of the Pennsylvania State College. Snakeroot and bracken fern also will poison livestock.

Although water holes are gathering places for many of the animals on which a lion preys, he seldom makes a kill at these oases.

The male of the fiery native to England has little light or "fire".  
Gross area of forest lands in New Mexico is 20,000,000 acres.

## Bike Safety Drive To Save Lives In State Is Stressed

Harrisburg—The month of August, regarded as especially hazardous for youngsters astride bicycles, will see an intensive campaign for their greater safety on the highways of Pennsylvania.

Revenue Secretary Otto F. Messner, chairman of the Governor's Highway Safety Advisory Committee, today announced that the energies of Kiwanis and Lions clubs, members of the Pennsylvania Chiefs of Police Association and the Fraternal Order of Police, as well as automobile clubs and the Pennsylvania Newspaper Publishers Association, will be linked with those of the Advisory Committee toward that end.

"Accidents involving motor vehicles and bicycles last year cost the lives of a score of boys and girls in our state and crippled and injured sixty times that many," Messner revealed.

"Children must be made to realize that their bicycles are not playthings. In the eyes of the law they are vehicles—means of transportation—and their operation is subject to many of the same rules as apply to automobiles and trucks.

"Bicycles must be properly lighted, front and rear, must keep to the right side of the road. Their riders must observe the same

signs, signals and traffic markings as the motorist. They should always indicate a stop or a change of direction by a suitable hand signal."

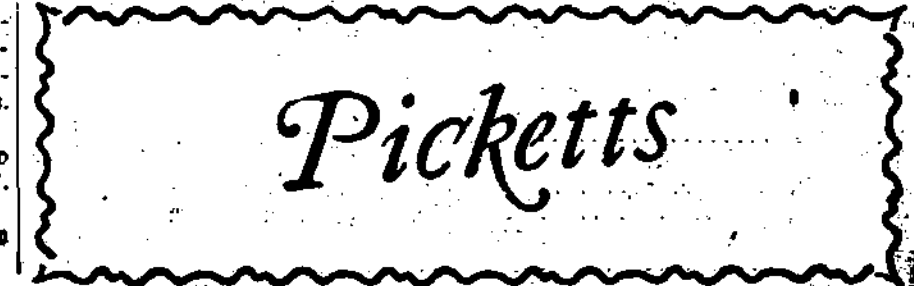

Secretary Messner disclosed that many communities, alarmed by "bike" fatalities and injuries, already have set up bicycle safety councils and adopted ordinances to deal with the problem. Such regulations and restrictions, he said, have lessened mishaps of that kind appreciably.

The average bicycle ordinance makes it compulsory to have the vehicle registered and its owner licensed by the local police department, its equipment and working efficiency checked periodically. Violations of the law are punished by the suspension of operating privileges or by impounding the bicycle, Messner explained.

## Western Auto Takes Waxmans In Opening Game of Title Series

Western Auto won the opening game in the best out of three playoff series for the 1951 Hot Stove Intermediate League championship last night by nipping Waxman Furniture, 2-1, in an extra-inning affair at Beatty Field.

Second game in the series will be played Saturday night at 6 o'clock at Jackson Field, near the Warren Airport. A third game, if needed, will be scheduled for next Tuesday night.

Hot Stove leaders also have drawn plans for the Midget Championship Series, with the first game between the Times-Mirror and Sons of Italy nines slated for Monday night at 6 o'clock at Lacy Field.

Last night's game was a well-played scrap throughout. Winkie Rickerson, on the mound for Western Auto, struckout 14 batters, issued one walk, and allowed only two hits, both of them singles. Only four of the furniture team players were able to get on base, and one of those was picked off at first.

Bruce Duell also turned in a superb performance for Waxman's, striking out eight batters and allowing three walks, one of them intentional. He yielded four hits, all singles.

Western Auto notched its first run in the bottom half of the first inning. Don Ross drew a walk and stole second. Barger fanned for the second out. Winkie singled to score Ross and Barger grounded out to end the inning.

It was pretty much three up and three down for both teams until the top half of the seventh. Graziano, first man up for Waxman's, fanned. Salerno was out attempting to bunt. Duell singled and reached third on two successive passed balls. Helmbrecht was safe at first on an error when the shortstop threw low and Duell scored to tie the game. Slate was out, pitcher to first.

Kaebnick singled for Western Auto but was left stranded on base in the bottom half of the seventh to send the game into extras.

For Waxman's in the top half of the eighth, it was three up and three down with all three fanning the breeze.

Main, first man up for the Auto-men in the eighth, flied out to second. Ross drew his second walk and stole second. Barger grounded out, short to first. Rickerson, batting in the cleanup slot, was given an intentional pass. Ross then stole third and made it in a very close play. Rickerson also took off for second and the third

baseball fired the apple to second but the pitch was wild, allowing Ross to come home with the winning run.

Box score:

### PONY LEAGUE

By The Associated Press

The Clean Oilers rode into a tie for first place in the Pony League last night on the wings of an eight-game winning streak by Hamilton.

The Oilers beat Corning, 8-6, while the Cardinals dropped Jamestown, 11-3.

The games left Clean and Jamestown in the first place tie. Each has won 64 and lost 41 for a percentage of .610.

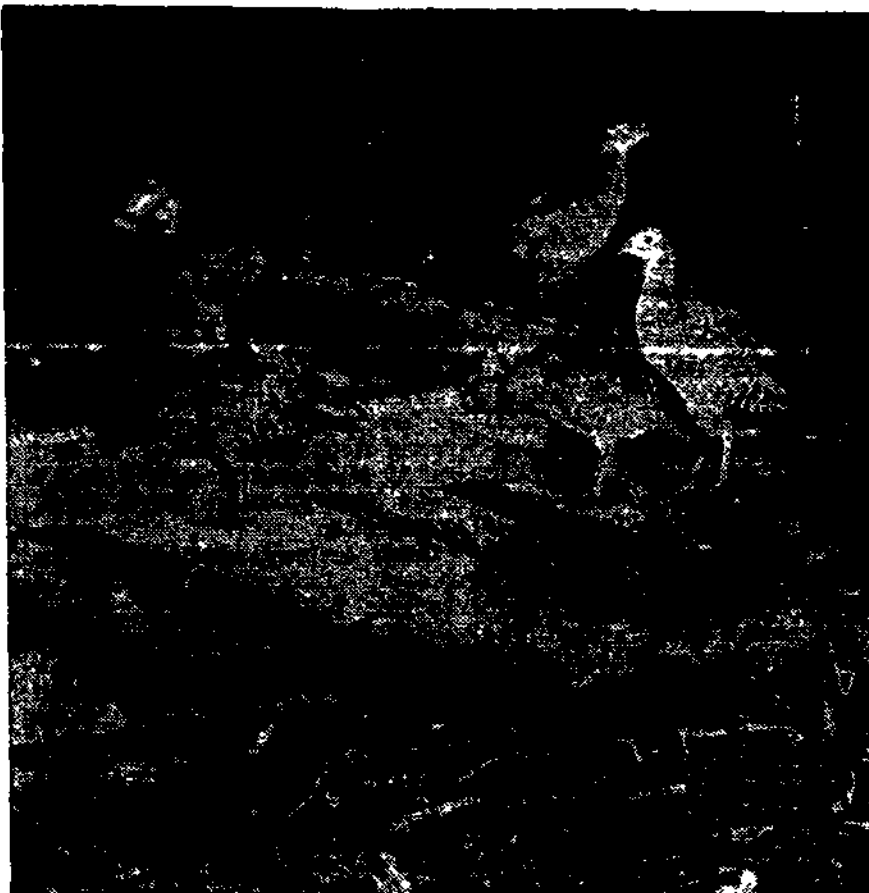

In other games, Bradford took two from third-place Hornell. They won the first, 7-4, and the second 4-3. Batavia beat Wellsville, 7-5.

### FIGHTS LAST NIGHT

By The Associated Press

Ansonia, Conn.—Bill Bosgio, 123½, Pittsburgh, outpointed Johnny O'Brien, 120, Boston, 8.

Chester, Pa.—Frankie Sodano, 125½, Philadelphia, outpointed Filberto Osario, 122½, New York 8

**FINE HUNTING AHEAD**—Look again! The birds in the above Times-Mirror photo are not chickens. They're seven-week-old pheasants, and they mean better hunting ahead for area nimrods. The few birds shown at the feeder in this picture are just a small portion of the big flock of 330 pheasants being raised for stocking purposes by the Warren Field and Stream Club in cooperation with the Pennsylvania Game Commission. The birds were received as day-old chicks from the Commission, and spent their first six weeks in pens supervised by Harry Schmidt and Howard Landers. Since then they have been transferred to a big outdoor pen where they will remain until released in areas open to hunting several weeks before small game season opens. Far from being tame, the birds scurried for the far corners of the pen and could not be coaxed into camera range, even with the help of several handfuls of corn. Some 225,000 pheasants are being raised in this manner throughout the state this year.

## Warren High Gridders Set For Initial Practice Drill Monday

Warren High football squad members and managers have been doing a lot of hustling around the high school the last few days, taking physicals and getting equipment in preparation for the first practice session this Monday.

By Wednesday 70 boys had been issued their gear and last night around 60 more received equipment. The latter number includes mostly freshmen and a few sophomores and juniors who are coming out for the first time.

Head Coach "Jake" Leidig has set 1:30 Monday afternoon for his first practice on Beatty field, with all squad members meeting in the high school first at one o'clock. The team will be working out every afternoon during the week and on Saturday mornings before the opening intra-squad game on Labor Day Monday, September 3.

All boys who have not taken their physicals are asked to report at the school at 9 o'clock Monday morning to see Dr. Gettings.

A new boy added to this year's team is Bob Nine, a senior, who recently came here from Johnstown where he had previous experience playing football.

## Juliano, Conarro Advance in Annual Golf Tournament

Additional first round matches were fired yesterday afternoon in the annual golf championship tournament at the Conewago Valley Country Club, with results, as follows:

**Championship Flight**  
Pete Juliano eliminated H. Kopf, 7 and 6.

H. Conarro, Jr. eliminated Dr. Jim Giunta, 8 and 7.

**Second Flight**  
John Trevenen eliminated Ed Branch, 3 and 2.

Larry Amy eliminated Dr. Folmer Yerg, 5 and 4.

**Third Flight**  
S. Calderwood eliminated Bob Voigt, 2 and 1.

Bob Ritchie eliminated N. Culbertson, 5 and 4.

Marshall Parrish eliminated G. Weston Ensworth, 19 holes.

**Fourth Flight**  
Bob Alexander eliminated J. Goblinger, 3 and 2.

In the men's weekly tourney, also held at the club yesterday, two teams tied for top honors in a two-ball best-ball affair. They were Dr. T. H. Gettings and Ray Stein with a net 31 and John Duessing and Byron Knapp, also with a net 31.

## Bradford Grigger On College Squad

When the University of Pennsylvania opens its Diamond Jubilee football season against California on Sept. 29 at Franklin Field, Philadelphia, a former Bradford High School captain is likely to be a member of the home team's starting lineup.

Charles Conaway, a resident of Rew, and a leader at Bradford High, appears to be the foremost Red and Blue candidate for the position of defensive right end.

Coaching staff member Paul G. Riblett, the Western Pennsylvanian who is mentor of the ends, expects the 6 foot, 3 inch 195-pounder to play first string even though practice at training camp in Hershey, does not begin until the second week in September.

"From what Conaway showed in spring practice it is unlikely he will be beaten out at camp," said Riblett.

The end coach expects Conaway to be used on offense as well as defense. According to Riblett, Conaway is capable of 60-minute football.

## HOT STOVE BASEBALL LEAGUE

### Warren Chapter

CADET GAME

J. A. Johnson ..... 000 010-1  
Dane Chevrolet ..... 608 102-16  
Schafer had 10 strikeouts for Dan's Chevrolet, and also hit a single, a double, a triple and a homer for his team. Two-base hits were credited to Hightower, Cramer and V. Kiltner, all for Dan's. Lihquist was the losing hurler.

### BANTAM GAMES

Craft Agency ..... 335 001-12  
Hanna Motors ..... 150 301-10  
Batteries: Harrison, Lawton, Occuzzo and Terry (Craft Agency).  
B. Wick, R. Lee and T. Hendrickson (Hanna Motor Sales). Winning pitcher: Lawton.

Comm. Consumer ..... 004 000-4  
War. Co. Motors ..... 120 021-6  
Cummings and Kane, sharing mound duty for Warren County Motors, each had eight strikeouts; Allan Neilson, Community Consumer Discount pitcher, had 11 strikeouts; John Valone hit a two-run double for the losers.

### SPORTS IN BRIEF

By The Associated Press

**Baseball**  
St. Louis—Browns ended Cleveland's 13-game winning streak by shutting out Indians, 4-0.

**Golf**  
Durham, N. C.—Eddie Merrins, defending champion, was eliminated from the National Junior Chamber of Commerce championship by Jimmy Deemer, 1 up.

**Tennis**  
Brookline, Mass.—Frank Sedgman and Ken McGregor of Australia led the way into the quarter-finals of the national doubles with a 6-1, 6-1, 6-1 victory over Dave Mesker and Edwin Wesley.

**General**  
New York—The grand jury voted more indictments in the college basketball scandal, but did not make the names public.

Washington—President Truman announced he still is investigating whether there is overemphasis on football at West Point.

**GRID PREPARATIONS**—Medical examination of all candidates for the Warren High football squad is one of the most important phases in preliminary preparations prior to start of practice drills Monday. Freshman Virgil Kiltner is shown here getting his checkup from Dr. T. H. Gettings. Dr. W. S. Walters aided in giving the physicals to the big squad of more than 140 boys. (Times-Mirror Photo).

## Versatile Aluminum Has Many Home-Fixing Uses

By MR. FIX

Distributed by NEA Service

That old chestnut about being penny-wise and pound-foolish somehow seems particularly appropriate in the case of aluminum, once regarded as a luxury metal, but in recent years proven extremely economical and useful.

This is particularly true of the aluminum nail. Wherever water, moisture-condensation, water-base paint or generally damp atmosphere are likely to reach, this nail is especially effective and money-saving. It's also useful in fastening certain building materials which attack metals other than aluminum, and is of course, essential for fastening aluminum roofing or siding where galvanic action otherwise would occur.

These are the logical conditions under which use of aluminum nails is suggested by experts, but general use of aluminum nails in the frame of a house, in flooring, or in interior panel or trim is not recommended. For such protected applications the common nail is strong enough, durable enough and cheap enough.

But in all types of siding and almost all roofing, and especially in redwood, red cedar and asbestos, the aluminum nail pays a dividend of longer life, reduced maintenance and lower application costs. It cannot mar the appearance of finished wood siding with ugly rust stains, and therefore eliminates the need for frequent repainting of unsightly, rust-streaked siding.

In general, aluminum's rust-proof characteristics make it especially valuable in roofing accessories where run-off water from metal roofing frequently requires expensive maintenance. Various types of aluminum roofing fixtures,

flushing, ridge roll and gutter are available. In addition, aluminum roll valley, which comes packed in convenient rolls, is a handy item to have around the home workshop. It may be used for anything from patching a rat hole to lining a laundry chute.

Aluminum chain link fencing is another aluminum product which has considerable merit for the rural handyman. Since it's rust-proof it never needs painting—a slow, tedious, and often expensive maintenance job required of other types of fencing. Its light weight makes it easy to erect, which prompts its use for children's play pens and yards, and for neighborhood tennis courts and baseball backstops.

Basic applications for aluminum are growing steadily. Aluminum clotheslines, for example, won't rust, rot or crack, won't soil clothes, can be left up permanently and cleaned easily by wiping with a damp rag. Often they're also used for grape arbors, flower trellises, television guy wire (stranded), and other decorative and utilitarian purposes.

In addition, aluminum also has a wide range of uses inside, from shutters, venetian blinds and lamp shades to pots and pans and foil for cooking and preserving foods.

## Lowly Browns Cut Two New Football Conferences Ready Busti Lad Makes Long Bicycle Jaunt

Tommy Byrne, a hard luck guy from way back, found No. 13 the charm to ending Cleveland's all-winning rush toward the American League pennant.

The ex-Yankee, shunted to the last place St. Louis Browns in mid-June, made his 13th start of the season yesterday. It coincided with a 13-game Cleveland win string. The result was rough on the Indians, whose lead was reduced to 1½ games by a 4-0 loss.

No Cleveland club ever won more than 13 in a row. The 1942 team got that far in May before Boston dumped them. The current tribe tied that mark Wednesday night.

Byrne took complete charge of ending the streak by driving home all four runs off loser Mike Garvey before he left the game with a sore back in the eighth. Duane Pillette finished the shutout job on Cleveland which hadn't lost since Aug. 1.

The 5-3 New York victory at Washington slashed a full game off the Indians' lead. Both of the other first division clubs lost—Boston to Philadelphia, 10-2 and Chicago to Detroit 2-1.

There were faint stirrings of hope for a belated race in the National after New York knocked off Brooklyn, 2-1, for a series sweep and a six-game winning streak. The Dodger lead, however, still measured 9½ games with 43 to play.

St. Louis broke loose with six runs in the seventh to trim Pittsburgh, 9-6, and Chicago exploded four in the ninth to whip Cincinnati, 8-4, in the only night game in the majors. Boston and Philadelphia were not scheduled.

**RACE SCHEDULED**  
The Pinegrove Speedway at Shippensburg has scheduled a NASCAR-sponsored auto racing program for Saturday night with a large field of entries expected. The quarter-mile track was worked on all this week to put it in first class shape, and the bleachers were moved nearer the oval to give racing fans a better view.

Inauguration of two new football conferences will highlight the upcoming scholastic grid season in Northwestern Pennsylvania.

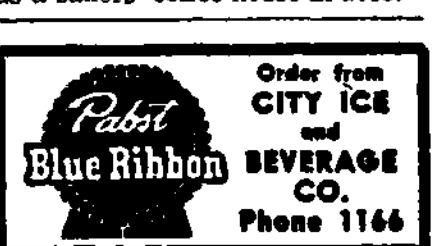

One conference will be the Section 2 loop, comprised of Warren, Corry, Meadville, Titusville, Oil City and Franklin. These are the same teams that are linked together for PIAA basketball play, but it marks the first time in a good many years that an agreement was reached on a grid conference.

The second new football circuit is the Allegheny Mountain Scholastic Football League, comprised of teams from Sheffield, Smithport, Otto Township, Port Allegany, Coudersport and St. Marys.

Francis (Rock) Denning, who for many years was assistant to Bob Fium when he was head grid coach at Bradford, takes over the Owls as head man this year. Denning was named head coach at Bradford this summer when Fium resigned to join the coaching staff at Brown University. Practice drills are scheduled for tomorrow at 9 a. m. and again at 1.30 p. m.

Jack Collins, football coach at St. Bernard's in Bradford, issues grid gear tomorrow and has slated initial practice sessions for Monday.

Lloyd's of London, famed insurance institution, had its beginning as a sailors' coffee house in 1688.

**Arcade Alleys**  
Open Evenings  
Afternoons Wed. & Sat.  
239 Penn. Ave., W. Phone 7842

Busti—John Boardman, 15, son of Mr. and Mrs. Lyle Boardman, and a newspaper carrier boy in Eustis, feels he has nearly earned a Scout merit badge for cycling as a result of completing a 175-mile bicycle tripe in two days and one night.

A member of Busti Troop 38, young Boardman last week accompanied an older brother and his wife, Mr. and Mrs. Rolland Boardman, to their home in Lockhaven after they had completed a visit at their parents' home here. He took with his his new English-made bicycle with which he made the return trip.

The first day he covered 105 miles, camping out that night in Pennsylvania mountains, where he awoke the next morning to discover six deer regarding him from near at hand. He finished his trip the next day, with total traveling time registered at 19 hours. A good share of his journey was by way of the upper and lower Bucktail trails.

## CHAUTAUQUA PLANS YOUTH CONFERENCE

The 40th annual Middle East Young People's Covenant conference at Chautauqua Institution, August 27-September 3, is expected to attract some 1,200 persons from Ohio, Pennsylvania and New York. Two Jamestown churches, First and Zion Mission Covenant, will be represented by more than 125 persons.

A former assistant student pastor at the First Mission Church, Jamestown, has been selected as principal speaker for the eight-day gathering. He is the Rev. Melvin Dahlstrom, of Detroit, who served two summers while studying for the ministry. Mr. Dahlstrom will open the conference at 7:45 p. m. in the Methodist House. His topic will be "Life Begins."

The 1951 U. S. corn crop is estimated at 5.3 billion bushels. Production in 1950 was 5.1 billion.

# Bible Camp Opens At Findley Lake

Young people and children of the Calvary Baptist church are looking forward to a week of camping at Findley Lake, N. Y. The session runs from August 19-26 with campers leaving here Sunday afternoon at 2:30 p. m. Rev. Carl Olson, general conference evangelist and an outstanding young man in Young Peoples' work will be one of the speakers. Rev. Eugene Johnson, teacher and head of the Art Department at Bethel College will be the other speaker. You'll be thrilled at his drawings and deep spiritual message as he exalts Christ in both ways. Coach Bill Adam from Minneapolis, Minnesota, will again be returning for another year to direct the recreational part of the program. This schedule promises to be one of the best we have ever had.

Rev. Fred T. Miller will act as business manager for the camp. Twenty-five are going from Warren, and word has been received that about 200 in all from the Middle East Conference have made reservations. Services will be held each evening at 7:30 P. M. and those interested are urged to drive down to hear these talented speakers.

# West Side Social Is Huge Success

The following report has been received regarding the success of the ice cream social held at the West Side playgrounds as a benefit for the fund being raised to improve the facilities at the field:

"The number served was 550, between the hours of seven and nine o'clock. Total amount made about \$5.90.

"We would like to thank everyone who had anything to do with the social. It would be impossible to thank all individuals, because of the women's willing cooperation.

"We would especially like to thank Mrs. Harold Loomis for being our general chairman, who handled the situation wonderfully.

"The children of the Playground sold the tickets and prizes went to Harold Kane for selling the most and to Lois Cummings for the second highest.

"Thanks again for all your cooperation. It helped make it a big success."

# ELKS' BRIDGE WINNERS

Winners in the weekly bridge tournament at the Elks' Home, last evening, were: Joseph Mullen and Henry Hunsinger, Harry Kopf and M. A. Kornreich, Henry Shields and Lloyd Turner.

# A Generous Offer To Weak, Nervous, Run-Down Folks

Who Fail To Get The Right Amount of Vitamins and Minerals from the Food They Eat, says Mullen Drug Co.

"Try this new Vitamin-Iron-Iodine reconstructive tonic for just 30 days, and see if it doesn't increase your strength and endurance. You must be convinced—be fully satisfied, or it won't cost you a penny."

This news should bring good cheer to the Thin, Nutritionally Failing, Run-Down Delicate folks in this town.

FERRIZAN is a marvelous new reconstructive tonic combining iron and Iodine with Vitamins—far more effective than just vitamins alone. A true dietary supplement. Gets results quickly and does not blacken the teeth or injure them in any way, nor does Ferrizan upset the stomach. So do not confuse Ferrizan with old-fashioned Iron Tonics. Ferrizan is the modern way to help you get the important B Vitamins—the Iron (for blood) and Iodine (for the

# Church Notes

(From Page Eight)

**DELEGATES AT DUNKIRK YOUTH CONFERENCE**

Robert Dickerson, Kay Hutchens and Beverly Taft, of the Emanuel Evangelical and Reformed church, were selected delegates to the Senior High summer camp at Dunkirk, N. Y., the study, recreational, and worship sessions extending over a period of 12 days, August 13th to 25th. This camp ground is owned and maintained by the Evangelical and Reformed church. The director of the Senior High Camp is the Rev. Leo Kell, pastor of the First Church, Wooster, Ohio. The all camper course required this year is "New World Ahead." Other optional courses are "Building Churches Around the World," "Our Youth Fellowship," "Christian Action," "Music In The Church," "Drama In The Church," "I Believe," "We Worship," "The Person I Hope To Become," "If I Go To College."

**AT ST. PAUL'S**

At the morning worship service at St. Paul's Evangelical Lutheran church Pastor Gustafson will preach on "Christ by the Treasury," using as his text Mark 12:41-44. Mrs. Emil Jacobson will use the following organ music: Prelude—"Fugue in D Minor," by Bach; Offertory—"Nocturne," by Von Willem; Postlude—"Lead Us O Father," by Price. A trio consisting of Miss Norma Haight, Miss Jane Hovey and Mrs. Florence Stevens, will sing "Softly and Tenderly."

**GUEST SPEAKER**

The guest speaker at the Bethlehem Covenant Church on Sunday will be the Rev. O. R. Swanson, field superintendent of the Middle East Conference. He will preach at the 11:00 a. m. morning worship service, also; the evening evangelistic service at 7:30 p. m. The Sunday school will meet for their classes at 10:00 a. m. The prayer and praise service will be at 7:30 on Wednesday.

**GUEST SPEAKER AT FIRST PRESBYTERIAN**

Dr. D. L. Ferguson, pastor of the First United Presbyterian Church of Erie, Pa., and active in the Council of Churches, being chairman of the Department of Evangelism, and on the Board of Directors, will be the guest speaker at the First Presbyterian Church on Sunday morning at 11 o'clock, choosing for his subject "At Wits End." Dr. Ferguson has served his present church for the past four years after sixteen years in the Highland U. P. church in New Castle, Pa. Before coming to Pennsylvania, he served churches at Gibson Heights, St. Louis, Mo., and

ductless glands) to correct inadequacies and help you regain and maintain a more normal healthy body.

It is almost incredible the way run-down, delicate, anemic folks—people who seem to be ailing most of the time, begin to perk up when they start taking Ferrizan with their meals. Sunk cheeks and other hollows should fill out through better assimilation of the food. Sallowiness due to iron-impaired blood often gives way to a healthier color. . . . and as you feel stronger, nervousness should ease up; you may feel like a million dollars—better—stronger—brighter, all because you've given your body, blood and glands, through Ferrizan, the deficiency vitamins and minerals you so sorely have needed.

Accept This Generous Offer

"Take Ferrizan for 30 days and then if you are in any way dissatisfied, your money will be cheerfully refunded," says Mullen Drug Company.
